When Mr. Epstein was asked by this writer how he ended up on Suicide Watch, he denied remembering. He stated he got a drink of water last night in his cell and went back to bed. He said the next thing he remembered is hearing himself snore. He said he wants to know why he is on Suicide Watch. He was informed that staff stated he was found in his cell with a string on his neck. According to Medical records, he had been seen by Medical for this and had a rule out of self inflicted injuries.

When this writer reviewed the Staff Suicide Watch Log, it noted that Mr. Epstein told the staff watching him that his cellmate tried to kill him, which Mr. Epstein did not tell this writer when this writer had interviewed Mr. Epstein. This writer was not able to ask Mr. Epstein about this, since Mr. Epstein was now in Legal. The Captain was notified about this notation and the Captain stated they were already aware of this statement.

He does not appear to be an immediate danger to self. He denied thoughts of hurting others and he agreed to tell staff if he has these thoughts.

**RISK AND PROTECTIVE FACTORS ASSESSED:**

This writer screened the inmate for a variety of empirically validated factors commonly associated with risk for self-harm and suicide.

The following **STATIC** risk factors were assessed to be present and increase the inmate's risk for engaging in suicide related behaviors: High Profile Crime, Lack of family connections, Sex offender status

The following **DYNAMIC** risk factors were assessed to be present and increase the inmate's risk for engaging in suicide related behaviors: Current physical pain

The following **PROTECTIVE** factors were assessed to be present and may decrease the inmate's risk of suicide:Able to identify reasons to live, Adequate problem solving skills, Denial of suicidal ideation/intention/plans, Future orientation, View of death as negative, Willingness to engage in treatment

Risk Factors: He was found by staff in his cell in SHU with a string loosely tied around his neck, which Mr. Epstein stated he did not remember anything about. It is unclear at this time if Mr. Epstein had placed the string around his own neck or if someone else did. According to Medical, he had a circular line around the base of his neck, which he denied knowing how he obtained. He stated his throat hurts which was reported to Medical. He has a high profile sex offense case and recently was denied bail. When asked if he has any friends or family that are emotionally supportive, he stated he does not know what that means. When emotional supports were explained to him and then again asked if he as any family or friends that are emotionally supportive, he was vague and said he has a lot of people.

He said his future plans include fighting his case and going back to his normal life.

Whereas, he is denying suicidal and self harm thoughts and has a lot of protective factors, he is denying that he remembers how he ended up on Suicide Watch and has marks encircling his neck. It is unclear at this time if he had placed the string around his neck or if someone else did. He will remain on Suicide Watch for further observation and safekeeping.

**DIAGNOSIS:**

No Diagnosis, No Dx - Current

The Overall Acute Suicide Risk for this Inmate is: Moderate

**Current Mental Status**

Level of Consciousness: Alert and Oriented

Psychomotor Activity: Normal

General Appearance: Normal

Behavior: Cooperative

Mood: Appropriate to Content

Thought Process: Goal Directed

Thought Content: Normal

Current Mental Status: Mr. EPSTEIN was alert and oriented. He was polite, calm, and cooperative in demeanor. He exhibited a neutral affect with appropriate range. Eye contact and hygiene were appropriate. The inmate spoke with normal rate, tone, and volume. His thoughts were organized and coherent, with no loosening of associations or tangential, circumstantial, or irrelevant content. There was no evidence of perceptual disturbance, delusional ideation, or a formal thought disorder. He did not engage in any bizarre or inappropriate behavior. He noted having normal sleeping and eating habits. Mr. EPSTEIN explicitly denied recent and current suicidal ideation, planning, and intent. He was future-oriented and expressed a commitment to life and safety, agreeing to contact staff immediately should he experience suicidal ideation or psychological distress. He also denied thoughts of harming others.

**Risk Factors Assessed:**

This writer screened the inmate for a variety of empirically validated factors commonly associated with risk for self harm.

The following **STATIC** risk factors were assessed to be present and increase the inmate's risk for engaging in suicide related behaviors: High Profile Crime, Lack of family connections, Sex offender status

The following **DYNAMIC** risk factors were assessed to be present and increase the inmate's risk for engaging in suicide related behaviors: Current physical pain, Fear for own safety

The following **PROTECTIVE** factors were assessed to be present and may decrease the inmate's risk of suicide:Able to identify reasons to live, Adequate problem solving skills, Denial of suicidal ideation/intention/plans, Future orientation, View of death as negative, Willingness to engage in treatment

Risk Factors: Mr. EPSTEIN has a significant scar around his neck, which is now scabbing over. He reported swelling in this area but denied experiencing any related pain. Mr. EPSTEIN continues to claim a lack of memory for the incident resulting in this scar. The story he provided was vague, such that this writer challenged him a couple of times, but he insisted he was being honest about his lapse in memory. The nature of the incident remain unclear. Mr. EPSTEIN is incarcerated for a very high profile crime with media attention. He was recently denied bail. He also reported difficulty managing his time in the SHU. He reported being fearful for his safety if he is to return to the cell with his previous cell mate.

Protective Factors: Mr. EPSTEIN adamantly denied current suicidal ideation or intent or a history of suicide attempts. He stated, "I have no interest in killing myself." He explained, although his situation is "not perfect" due to his being incarcerated, he noted he has "lots to do for [his] legal case." He described having a "wonderful life," to include interactions with "interesting people and projects." He said "it would be crazy" to take his life. He furthered, "I would not do that to myself." He denied feelings of hopelessness, although did report being "depressed" and "unhappy" about his current legal situation. He previously denied a history of childhood abuse. He reported he is sleeping adequately now that he is no longer in the SHU. He appear future-oriented as he endorsed an interest in being housed in general population.

Weighing of Risk and Protective Factors: Mr. EPSTEIN adamantly denied sucidality. However, in light of his vague self-report regarding the incident which precipitated his placement on Suicide Watch, combined with his fear for his own safety, reported

difficulty managing his time in the SHU, and the high profile nature of his alleged offense, Mr. EPSTEIN will be stepped down from Suicide Watch to Psychological Observation.

**Changes in Risk Factors Assessed**

Upon a review of the log book, it was indicated Mr. EPSTEIN has been speaking to the inmate companions about having previously taught mathematics and physics. He has been observed pacing the cell as well as sleeping, eating, and drinking within normal limits.

Upon interview today, Mr. EPSTEIN requested he be provided a toothbrush as well as a shower. His requests were made known to the lieutenants and he was provided a shower prior to attending his legal visit. This writer also provided him a toothbrush, toothpaste, and hygiene products.

Asked about the alleged incident which transpired yesterday resulting in his placement on Suicide Watch, Mr. EPSTEIN said he is frustrated he has been placed in a "punishment cell for no reason." Specifically, Mr. EPSTEIN was referring to his placement in the SHU. Asked to recall the events surrounding the alleged incident, Mr. EPSTEIN said his cell mate was "playing with a bed sheet" and he claimed he does not recall the events thereafter. He said he recalled eating meat and drinking water and claimed the next event for which he has memory is his hearing himself snore and waking up on a stretcher.

Mr. EPSTEIN claimed he does not recall himself or his cell mate tying a string or rope around his neck. He said he has "been trying to remember" and "wracking his mind." Asked if he experienced any interpersonal issues with his cell mate, Mr. EPSTEIN described his cell mate as "agitated" and claimed his cell mate called him a "pedophile" for the first time yesterday. His cell mate was also reportedly reading a newspaper article about Mr. EPSTEIN, which bothered him and it was something he believed to be "strange" for their to be an article about him in his cell. Mr. EPSTEIN recalled throwing away the newspaper photograph of himself by crumpling it and flushing it down the toilet. Asked if his cell mate ever threatened to harm him, he denied this to be the case. Asked why he told the inmate companions yesterday his cell mate tried to kill him, while also claiming no memory of the incident, Mr. EPSTEIN again said he did not recall the incident and further stated, "I don't know if he put it there as a joke." Mr. EPSTEIN explained he had been experiencing difficulty sleeping in his SHU cell due to his inmate peers banging on the cell door and window, but has not been experiencing any other acute issues other than this.

**Reason for Removal from Watch**

Mr. EPSTEIN stated, "I have no interest in killing myself." He explained although his situation is "not perfect" due to his being incarcerated, he noted he has "lots to do for [his] legal case." He described having a "wonderful life," to include interactions with "interesting people and projects." He said "it would be crazy" to take his life. He furthered, "I would not do that to myself." Mr. EPSTEIN did express a feeling of safety being housed on Psychological Observation rather than in the SHU. He asked if he could remain on this status for a couple of days, he was advised his housing situation will be re-evaluated on a day-to-day basis. He expressed a desire to be housed in general population rather than in the SHU and asked if there were a "safer" unit for him to be housed in comparison to the one where he was initially placed. Mr. EPSTEIN claimed there were many MS-13 gang members on the initial unit. He was advised he will be maintained on Psychological Observation in the near future, but his long-term housing situation will be revisited, as it is not ideal for one to remain in isolation on Psychological Observation for extended periods of time. Mr. EPSTEIN acknowledged this information and thanked this writer for her explanation and time.

**Diagnosis:**

No Diagnosis, No Dx - Current

**Conclusions**

The Overall Acute Suicide Risk for this Inmate is: Low
Overall Chronic Suicide Risk for this Inmate is: Absent

**Recommendations**

1. Mr. EPSTEIN will be removed from Suicide Watch and stepped down to Psychological Observation.
2. While on Psychological Observation, he will be continuously observed by Inmate Companions.
3. While on Psychological Observation, he will be seen daily by Psychology.
4. Supportive and educative interventions were provided.
5. Mr. EPSTEIN was provided novels and a request was made for his legal paperwork to be provided to him on Psychological

Observation.

6. This writer contacted the Pharmacy to indicate Mr. EPSTEIN has not been receiving his medication used to alleviate his constipation.
7. Mr. EPSTEIN attended a legal visit today, after having been provided a shower.
8. Mr. EPSTEIN was educated about both routine and emergency procedures for contacting psychology.
9. The inmate was encouraged to reach out for PRN services should he experience any psychological distress.

**Focus of Session**

Inmate Epstein was seen by this writer this morning while on psychological observation in the hospital area of the prison.

**Subjective/Objective Presentation**

Inmate Epstein was in good spirits today and engaged in reciprocal conversation with this writer this morning. He smiled and remarked, "welcome back" when this writer arrived. He continues to assert he does not remember how he received marks around his neck, remarking "I do not remember anything, maybe you can give me some cues." He stated he just remembers going for a drink of water and the next thing he knew he woke up to the sound of his own snoring. When this writer attempted to get a more detailed account from him, indicating that it would be rare to have such impairments in memory as he does not suffer from an acute cognitive disorder, he smiled and said he understood my position.

Inmate Epstein did reveal he is unhappy with his current confinement in Special Housing (SHU) as he considers it "a punishment cell." He said he finds the restrictions up there unfair as he has not done anything wrong. Inmate Epstein stated he feels it is dangerous in the SHU, he cannot sleep well up there due to noise from the other inmates, it smells, and it is difficult for him to work on his legal case up there. He stated he has not received the phone calls he was promised nor has he been able to receive recreation. It was explained to him that he spends the entire day in the attorney conference room and it is likely that he has missed the times when staff members have attempted to give him phone calls and recreation. Inmate Epstein also reported complaints about the attorney conference room, stating they do not take him to the bathroom frequently enough.

Inmate Epstein adamantly denied any suicidality at this time, stating "I am too vested in my case to fight it, I have a life and I want to go back to living my life." He denied any acute symptoms at this time.

According to his log book, he has been eating, drinking, sleeping, and interacting with the inmate companions. He has also been attending his daily legal visits.

**Intervention(s)**

Inmate EPSTEIN was provided with brief supportive interventions and psychoeducation regarding additional coping strategies. Inmate EPSTEIN was mostly receptive to these interventions. He requested to be housed in general population rather than the SHU and stated he wanted to remain on psychological observation due to his concerns with being in the SHU.

**Progress/Plan**

In an abundance of caution, inmate Epstein will remain on psychological observation. He has yet to give an account of how he sustained the marks around his neck, is not revealing much about his mental status, and there are concerns about his adjustment at this time to being housed in the SHU. Inmate Epstein will be seen daily by psychology while on psychological observation.

**Focus of Session**

Inmate Epstein was seen while on psychological observation in our hospital area.

**Subjective/Objective Presentation**

Prior to this writer's contact with him, Inmate Epstein showered and dressed himself for his legal visit today. He was smiling and did crack some jokes during the interview. He did elucidate some complaints and suggested being disappointed with this writer as he wants "to trust me and for me to trust him." He stated he remains unhappy with legal visiting procedures as he cannot go to the bathroom as frequently as he would like to since he has a "weak bladder." Inmate Epstein also reported since coming to the psychological observation area, he has felt constipated and needs his Colace. He had self-carry Colace in SHU, but since coming to the observation area, he has not had his medication. This writer immediately notified medical and his pills were being processed during the interview. Inmate Epstein also continues to complain about the conditions of SHU confinement (i.e., feeling punished, smells, noise, and restrictions).

With regard to the events which lead to his initial placement on suicide watch, inmate Epstein stated he has no memory of the event. He asked to speak with his old cellmate "Nick" to see if he can tell him what happened or see if his memory could be triggered. He remarked, "I am still trying to figure out how I got this (pointing to the scab around his neck)." Inmate Epstein denies remembering harming himself and/or being harmed by his cellmate. He does not exhibit symptoms of any cognitive disorder, seizure disorder, psychotic disorder, or dissociative disorder at this time or in the past. Inmate Epstein denied any current suicidal ideation, intention, or plan. He reported wanting to be alive to fight his legal case and go back and live life. He referred to himself as "a coward" and "I'm Jewish." He said he is not the type who likes pain or would ever attempt to harm himself.

While on psychological observation, inmate Epstein has been eating his meals, sleeping and interacting with the inmate companions. He is in legal visiting the majority of the day and in the evenings. His log book and eating/shower chart reflect the same. He has been speaking to inmate companions about investment strategies and about prison adjustment. Correctional Staff report during his legal visits, he is interacting with his attorney, animated, laughing, and joking.

**Intervention(s)**

Inmate Epstein was provided with supportive and coping skills interventions today. He was receptive to them, but mostly wanted to express his complaints about his current prison confinement status and needs. He wanted this writer to address them.

**Progress/Plan**

Inmate Epstein will remain on psychological observation in an abundance of caution and pending housing arrangements to be made on Monday. He continues to be vague and reports memory deficits regarding the events which lead to a piece of sheet being placed loosely around his neck and marks with scabs around his neck.

# UNITED STATES GOVERNMENT
# MEMORANDUM

**Metropolitan Correctional Center, New York, New York**

**DATE:** August 10, 2019

**TO:** Charisma Edge, Associate Warden Programs

**FROM:** Kari M. Schlessinger, Psy.D., Ph.D., Forensic Psychologist

**SUBJECT: Epstein #76301-054**

This memo summarizes the psychology contacts with Mr. Epstein.

Mr. Epstein arrived on July 8, 2019, and was seen by psychology services for an intake screening in SHU. He denied any psychology history or symptoms. The Chief Psychologist spoke with Central Office on July 8, 2019, and it was determined he should be placed on suicide watch and seen for a suicide risk assessment after he returns from court due to his increased suicide risk factors. Mr. Epstein was seen on July 9, 2019, for a suicide risk assessment where he denied any suicide ideation, intention, or plan. Despite his risk factors of his sex offence charge, high profile case with media attention, and pretrial status housed in SHU, his protective factors outweighed his risk factors. He was future oriented, wanted to fight his case, and denied any mental health history or suicidality. He was removed from suicide watch and placed on psychology observation. He was seen the following day at which time he requested to be celled alone if housed in SHU and was told he could not. Mr. Epstein was released from psychology observation and seen on July 11, 2019, in attorney conference. He expressed concerns such as wearing an orange jumpsuit, not receiving medication, and not having enough water during attorney visits. Mr. Epstein was seen one week later, July 16, 2019, for follow up and because he was asking to be seen. He did not express any psychological concerns, rather correctional issues such as not getting a phone call and needing a spoon. An attempt at a SHU review was made on, July 18, 2019; however, Mr. Epstein was with his legal team.

On July 23, 2019, the on call psychologist was contacted at approximately 2am by the Operations Lieutenant, indicating Mr. Epstein was being placed on suicide watch as he was found with a string hanging around his neck. He was seen for a suicide risk assessment at approximately 9am. Mr. Epstein denied remembering how he was placed on suicide watch. According to the log book, he told staff watching him his cellmate tried to kill him. Despite denying any thoughts to harm himself, he remained on suicide watch. On July 24, 2019, Mr. Epstein was removed from suicide watch and placed on psychology observation. It was observed he had a scar around his neck, which was scaring over. He continued to insist he did not know what happened. He denied any suicidal ideation and stated he would not harm himself. He expressed he would prefer to be in general population. Mr. Epstein was seen daily while on psychology observation, each day denying he was suicidal. During one interview, he claimed he could not remember what happened because of his "sleep apnea." On July 30, 2019, Mr. Epstein was removed from psychology observation and returned to SHU. He reported he did not think he could sleep in SHU because of the noise. He denied any psychological concerns. It was noted he would be placed with a cellmate.

On July 31, 2019, Mr. Epstein was seen for a psychology observation follow up. He stated he was doing as well as can be expected given his circumstances and reported he was going to court for a status hearing. He also reported he slept well. Mr. Epstein was seen for another suicide risk assessment on August 1, 2019, at approximately 1pm, as he returned from court with a note from the court indicating "suicidal tendencies." Mr. Epstein denied he was suicidal. He reported he saw the DHO for an incident report regarding his neck injuries and it was expunged. He complained about the noise in SHU. Mr. Epstein's protective factors outweighed his risk factors and he was not placed on suicide watch. He denied suicidal ideation, reported fighting his case, stated he has emotional support, and stated suicide is against his religion.

On August 8, 2019, Mr. Epstein was seen for a follow up session. He stated he was feeling ok and his sleep was fair. He again requested to go to general population. He denied any mental health symptoms. He denied any suicide ideation, intention or plan. He had a cellmate. He spends his days with his attorney. It was noted he would continue to be seen for weekly rounds.

# Program Statement

**OPI:** CPD/PSB
**NUMBER:** P5324.08
**DATE:** 4/5/2007
**SUBJECT:** Suicide Prevention Program

**RULES EFFECTIVE:** 3/15/2007

1. **PURPOSE AND SCOPE.** The Bureau of Prisons (Bureau) operates a suicide prevention program to assist staff in identifying and managing potentially suicidal inmates. Each Warden will ensure that a suicide prevention program is implemented consistent with this policy. In addition, Wardens will facilitate a discussion regarding the issue of suicide at department head meetings, staff recalls, lieutenants' meetings, etc., to heighten staff awareness about the need to detect and report any changes in inmate behavior that might suggest suicidal intent.

2. **SUMMARY OF CHANGES.** This re-issuance adds the following new procedures for preventing inmate suicides:

a. Suicide prevention training will include three mock suicide emergencies per year, one on each shift. One of these exercises must be conducted in the Special Housing Unit (SHU) during the morning or evening watch.

b. Specific minimum criteria that must be included in a Suicide Risk Assessment and a Post-Watch Report are delineated.

c. Designation of a room for suicide watch outside of the Health Services area requires written approval of the Regional Director.

d. Specific criteria that exclude an inmate from consideration for an inmate companion position are delineated.

e. Correctional Services will notify Psychology Services when an inmate requests protective custody (PC). Psychology Services will no longer be required to monitor SENTRY for entry of a PC code.

3. **PROGRAM OBJECTIVES.** The expected results of this program are:

a. All institution staff will be trained to recognize signs and information that may indicate a potential suicide.

b. Staff will act to prevent suicides with appropriate sensitivity, supervision, and referrals.

c. Any inmate clinically found to be suicidal will receive appropriate preventive supervision, counseling, and other treatment.

6. **INSTITUTION SUPPLEMENT.** See Section 7a.

7. **POLICY.** Each Bureau institution, other than Medical Referral Centers (MRCs), will implement a suicide prevention program that conforms to the procedures outlined in this policy. Each Bureau medical center is to develop specific written procedures consistent with the specialized nature of the institution and the intent of this policy.

a. **Medical Referral Centers.** MRCs serve a unique evaluation/treatment function addressing the needs of a wide range of inmates, while meeting community standards of care. Psychology Services is responsible for developing an Institution Supplement that describes local procedures for managing the

Suicide Prevention Program's components.

MRC psychologists are to document significant treatment information in the Psychological Data System (PDS) so that the information is readily available for post-discharge treatment.

b. **Residential Reentry Center Contract Facilities.** When contracts for outside facilities (including Residential Reentry Centers (RRCs)) are used, the Statement of Work will include a suicide prevention plan or program that meets accepted Bureau standards.

Community Corrections Managers (CCMs) will monitor contract facilities regularly to determine their capability to manage at-risk populations effectively. The CCM will consult the Regional Psychology Services Administrator if questions arise about the adequacy of a contract facility's Suicide Prevention Program or about the need to transfer a suicidal inmate to a different facility. The CCM will contact Central Office Psychology Services when there is system-wide or interagency issues.

In the event of a suicide, all possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction. Ordinarily, the Regional Director will authorize an after-action review of a suicide at a RRC, to be conducted by the Regional Psychology Administrator. The findings will be documented as a Psychological Reconstruction Report as outlined in Attachment A.

c. **Privately-Managed Contract Prisons.** Private security contract facilities maintain a suicide prevention and intervention program in compliance with American Correctional Association (ACA) standards. Ordinarily, the Assistant Director, Correctional Programs Division, will authorize an after-action review of a suicide at a contract private prison, to be conducted under the direction of the Central Office Psychology Services Administrator. The findings will be documented as a Psychological Reconstruction Report as outlined in Attachment A.

8. **PROGRAM ADMINISTRATION.**

a. **Program Coordinator.** Each institution must have a Program Coordinator for the institution's suicide prevention program. The Program Coordinator shall be responsible for managing the treatment of suicidal inmates and for ensuring that the institution's suicide prevention program conforms to the guidelines for training, identification, referral, assessment, and intervention outlined in this policy.

Ordinarily, the Chief Psychologist will be the Program Coordinator. The Program Coordinator's responsibilities will not be delegated to staff other than a doctoral-level psychologist.

The Program Coordinator, in conjunction with institution executive staff, must ensure that adequate coverage is available when he or she is absent from the institution for training, annual leave, etc.

b. **Training.** While the initial period of incarceration is often a critical time for detecting potential suicides, serious suicidal crises may arise at any time. Line staff are often the first to identify signs of potential suicidal behavior based on their frequent interactions with inmates.

The Program Coordinator is responsible for ensuring that appropriate training is available to staff. The Program Coordinator will ensure that all staff will be trained (ordinarily by psychology services personnel) to recognize signs indicative of a potential suicide, the appropriate referral process, and suicide prevention techniques.

Wardens will include discussions of suicide prevention at department head meetings, staff recalls, etc., to remind staff of the need to observe inmates constantly for signs of suicidal behavior.

1) **Training for All Staff.** Suicide prevention training will be included in the Introduction to Correctional Techniques curriculum. Training in local suicide prevention procedures will be provided during Institution Familiarization Training and Annual Training (AT) at all institutions.

Training for staff will focus on:

+ identifying suicide risk factors;
+ typical inmate profiles of completed suicides;
+ recognition of potentially suicidal behavior;
+ appropriate information associated with identifying and referring suicidal inmates;
+ responding to a suicide emergency (e.g., a suicide in progress), including location and proper use of suicide cut-down tool; and
+ name of Program Coordinator, location of suicide watch room, etc.

2) **Supplemental Speciality Training.** The Program Coordinator will offer supplemental training to staff having frequent inmate contacts. Ordinarily, supplemental specialty training for health services staff (i.e., Physician's Assistants, Nurse Practitioners, Emergency Medical Technicians, Registered

Nurses), lieutenants, and correctional counselors is offered approximately six months after the conclusion of institution AT. It is encouraged that this training be provided during regularly scheduled meetings when possible.

3) **Supplemental Training for Special Housing Unit (SHU) Staff.** Information about recognizing potentially suicidal inmates and procedures to follow will be included in the SHU post orders. Attachment B is an example of post orders for suicide prevention in a SHU.

4) **Emergency Response Training.** At a minimum, the Captain and Chief Psychologist will jointly conduct three mock suicide emergencies yearly, one on each shift, approximately four months apart. Complexes will complete the exercises separately at each institution within the complex.

+ Within the calendar year, at least one of these exercises will be conducted in the SHU during the evening or morning watch. (Institutions that do not have a SHU [e.g., Camps] are exempted from this requirement, but are still required to conduct three mock suicide emergencies yearly).

+ Confirmation of mock suicide emergency training will occur in writing to the Associate Warden over Psychology Services with a copy to the Suicide Prevention Program Coordinator for placement in a training documentation file. See sample memorandum format in Attachment C.

+ This training is in addition to the supplemental speciality training for lieutenants, health services staff, and correctional counselors.

9. **IDENTIFICATION OF AT-RISK INMATES.**

a. **Medical Staff Screening.** Medical staff are to screen a newly admitted inmate for signs that the inmate is at risk for suicide. Ordinarily, this screening is to take place within twenty-four hours of the inmate's admission to the institution.

+ The Physician's Assistant/Nurse Practitioner (PA/NP) will refer suicidal or emotionally disturbed inmates on an emergency basis to the Program Coordinator or designee.

b. **Psychological Intake.**

1) **Pre-Trial Detainees, Pre-Sentence Detainees, and Holdovers in MCCs, MDCs, FDCs, FTCs, or Jails.** Because of the high rate of admissions and short length of stay in MCCs, MDCs,

FDCs, FTCs and Detention units, the comprehensive psychological intake conducted by Psychology Services ordinarily will be performed only on inmates who are suspected of being suicidal or appear psychologically unstable (e.g., mental illness or significant substance abuse withdrawal), or who request services via the Psychology Services Inmate Questionnaire.

2) **Newly Assigned or Writ-Return Inmates.** For newly assigned designated inmates or writ-return inmates, a psychologist will conduct a comprehensive psychological intake within 14 days of the inmate's admission to the institution.

3) **Transferred Inmates.** For transferred inmates, a psychologist will conduct a comprehensive psychological intake within 30 days of the inmate's admission to the institution if the psychologist determines it is clinically warranted based upon the PSIQ and other available inmate records.

c. **Inmates in SHUs.** Inmates in Administrative Detention or Disciplinary Segregation status often may be at higher risk for suicidal behavior. Inmates being transferred into the SHU will be monitored for signs of potential suicide risk (e.g., crying, emotionally distraught, threats of self-harm, or engaging in misconduct to purposefully effect removal from the general population). Inmates exhibiting such behavior will be referred to the Shift Lieutenant.

1) **Protective Custody (PC) Inmates.** Inmates requesting protective custody or demanding to be housed alone may actually be contemplating suicide. When an inmate requests protective custody or demands to be celled alone, Correctional Services staff will immediately:

+ notify the Program Coordinator or designee in Psychology Services during normal business hours, or
+ during non-routine working hours notify the on-call psychologist.

The PC inmate should be screened for suicidal ideation **within 72 hours** of being placed into SHU. When clinically indicated by this screening, a formal Suicide Risk Assessment will be conducted.

The Program Coordinator will work closely with custody staff to monitor each PC inmate's mental status for behavior (e.g., hopelessness, anxiety, increasing agitation, depression, psychoses) that suggests a need for an increased level of services.

2) **Inmates Requiring Special Precautions.** The Program Coordinator will provide SHU staff with a list ("hot list") of

inmates with mental health conditions who may become dangerous, self-destructive, or suicidal when placed into the SHU.

+ This list will be updated as needed and distributed to Correctional Services, Health Services, and Unit Team staff. This list will be made available to all staff.

+ When an inmate on this "hot list" is placed into the SHU, a Correctional Services Supervisor will notify Psychology Services immediately.

3) **SHU Custodial Issues.**

A) **Program Coordinator Involvement.** At a minimum, the Program Coordinator or designee will make weekly rounds of SHUs and consult with staff in those areas concerning any inmates needing special attention.

B) **Review of Lieutenant's Log.** The Program Coordinator will review the Lieutenant's log each working day to determine if an inmate with mental health problems has been placed in the SHU. A psychologist will see the inmate as soon as possible to assess the inmate's mental status and alert SHU staff.

C) **Health Services.** Health Services policy contains procedures to ensure inmates placed in SHU continue to received needed medications.

+ Psychology Services will be notified whenever an inmate refuses or misses his/her medication. If the inmate has the potential to become violent, self-destructive, or suicidal without the medication, psychologists will notify SHU staff of this.

D) **Suicide Rescue Tool.** Every SHU will be equipped with a suicide rescue tool(s) that is sharp, stored in a secure location, and readily available. All SHU staff will be trained to use the tool and in the procedures for responding to a suicide emergency.

E) **Inmate Removal from the SHU.** The Program Coordinator will arrange to have an inmate exhibiting significant potential for suicide removed from the SHU and placed on suicide watch. Ordinarily, once the crisis is over, the inmate will be returned to the SHU to satisfy any sanction that was imposed.

d. **Staff Referral. Any staff** may identify an inmate as potentially suicidal **at any time** based upon the inmate's observed behavior.

**STAFF MUST NEVER TAKE LIGHTLY ANY INMATE SUICIDE THREATS OR ATTEMPTS OR ANY INFORMATION OR HINTS FROM OTHER INMATES ABOUT AN INMATE BEING POTENTIALLY SUICIDAL.**

Any staff member who has reason to believe an inmate may be suicidal should:

+ ordinarily maintain the inmate under direct, continuous observation,

+ contact the Shift Lieutenant for assistance, and

+ during regular working hours, contact the Program Coordinator or designee (i.e., any other available psychologist).

+ During non-routine working hours, the Shift Lieutenant will contact the on-call psychologist and continue direct, continuous observation, or immediately place the inmate on suicide watch.

In emergency situations, the Shift Lieutenant will immediately place the inmate on suicide watch. It should be noted that in emergency situations **any staff** member may place an inmate on suicide watch. Special procedures may apply to MRCs where the initiation of suicide watch may be limited to specific clinical staff.

e. **Inmate Referral**. In addition to staff, inmates can play a vital role in helping to prevent inmate suicides. To facilitate this process each institution will encourage inmate referrals by:

+ including a statement in the institution inmate handbook/orientation materials encouraging inmates to notify staff of any behavior or situation that may suggest an inmate is upset and potentially suicidal,

+ incorporating the topic of inmate referrals into the Admissions and Orientation lesson plan for Psychology Services,

+ placing posters in each housing unit addressing the topic, and

+ ensuring that the information is made available to inmates in multiple languages as appropriate, particularly Spanish.

10. **SUICIDE RISK ASSESSMENT OF IDENTIFIED INMATES.** During regular working hours inmates referred for assessment of suicide potential will be seen on a priority basis. During non-regular hours, the Program Coordinator or designee should consult with institution staff and may choose to see the inmate immediately or have the inmate placed on suicide watch. In either case, the inmate will receive an individual assessment within 24 hours of referral.

A Suicide Risk Assessment will be completed when:

+ staff refer an inmate to Psychology Services because the inmate may be at risk for suicide (e.g., the inmate refuses his or her property, talks about ending his or her life),
+ an inmate's written or verbal behavior is suggestive of suicide,
+ an inmate exhibits behavior suggestive of self-harm, or
+ any other condition is present that would lead the clinician to believe an assessment is warranted.

Ordinarily, the Suicide Risk Assessment will be completed in PDS within 24 hours of the incidents outlined above. At a minimum, the Suicide Risk Assessment will include:

+ reason for / source of referral,
+ risk factors assessed,
+ risk assessment findings,
+ diagnosis, and
+ follow-up recommendations.

When a staff member has made a referral based on observed behavior, the psychologist who interviews the inmate will also make every effort to interview the staff member who observed the behavior. The staff member's comments will be included in the report/clinical notes.

11. **INTERVENTION.** Upon completion of the suicide risk assessment, the Program Coordinator or designee will determine the appropriate intervention that best meets the needs of the inmate. Because deliberate self-injurious behavior does not necessarily reflect suicidal intent, a variety of interventions other than placing an inmate on suicide watch may be deemed appropriate by the Program Coordinator, such as heightened staff or inmate interaction, a room/cell change, greater observation,

placement in restraints, or referral for psychotropic medication. In any case, the Program Coordinator or designee will assume responsibility for the recommended intervention and clearly document the rationale.

a. **Non-suicidal Inmates.** If the Program Coordinator determines that the inmate does not appear imminently suicidal, he/she shall document in writing the basis for this conclusion and any treatment recommendations made. This documentation will be placed in the inmate's medical, psychology, and central file.

b. **Suicidal Inmates.** If the Program Coordinator determines the individual to have an imminent potential for suicide, the inmate will be placed on suicide watch in the institution's designated suicide prevention room. The actions and findings of the Program Coordinator will be documented, with copies going to the central file, medical record, psychology file, and the Warden.

**12. SUICIDE WATCH.**

a. **Housing.** Each institution must have one or more rooms designated specifically for housing an inmate on suicide watch. The designated room must allow staff to maintain adequate control of the inmate without compromising the ability to observe and protect the inmate.

+ The primary concern in designating a room for suicide watch must be the ability to observe, protect, and maintain adequate control of the inmate.

+ The room must permit easy access, privacy, and unobstructed vision of the inmate at all times.

+ The suicide prevention room may not have fixtures or architectural features that would easily allow self-injury.

Inmates on watch will be placed in the institution's designated suicide prevention room, a non-administrative detention/segregation cell ordinarily located in the health services area. Despite the cell's location, the inmate will not be admitted as an in-patient unless there are medical indications that would necessitate immediate hospitalization.

Placement of a suicide watch room in a different area may be warranted given the unique features of some institutions.

+ However, designating a room for suicide watch outside of the Health Services area requires written approval of the Regional Director. Such rooms must meet all of the requirements identified above.

+ Administrative detention and disciplinary segregation cells will not be designated or approved as suicide watch cells.

+ Under emergency conditions a suicidal inmate may be placed temporarily on suicide watch in a cell other than the institution's designated watch room. The inmate must be moved to a designated suicide watch room as soon as one becomes available.

b. **Conditions of Confinement.** While on suicide watch, the inmate's conditions of confinement will be the least restrictive available to ensure control and safety.
The inmate on watch will ordinarily be seen by the Program Coordinator on at least a daily basis. Unit staff will have frequent contact with the inmate while he/she is on watch. Ordinarily, the Program Coordinator or designee will interview or monitor each inmate on suicide watch at least daily and record clinical notes following each visit.

The Program Coordinator or designee will specify the type of personal property, bedding, clothing, magazines, that may be allowed.

+ If approved by the Warden, restraints may be applied if necessary to obtain greater control, but their use must be clearly documented and supported.

+ Any deviations from prescribed suicide watch conditions may be made only with the Program Coordinator's concurrence.

+ The Program Coordinator will develop local procedures to ensure timely notification to the inmate's Unit Manager when a suicide watch is initiated and terminated. Correctional Services staff, in consultation with the Program Coordinator or designee, will be responsible for the inmate's daily custodial care, cell, and routine activities.

+ Unit Management staff in consultation with the Program Coordinator will continue to be responsive to routine needs while the inmate is on suicide watch.

c. **Observation.** For **all** suicide watches:

+ Any visual observation techniques used to monitor the suicide companion program will focus on the inmate companion and/or the inmate on suicide watch only.

+ The observer and the suicidal inmate will not be in the same room/cell and will have a locked door between them.

+ The person performing the suicide watch must have a means to summon help immediately (e.g., phone, radio)

if the inmate displays any suicidal or unusual behavior.

+ The Program Coordinator will establish procedures for documenting observations of the inmate's behavior in a Suicide Watch log book, which will be maintained as a secure document. Staff and inmate observers will document in separate log books. Post Orders will provide direction to staff on requirements for documentation.

1) **Staff Observers.** The suicide watch may be conducted using staff observers. Staff assigned to a suicide watch must have received training (Introduction to Correctional Techniques or in AT) and must review and sign the Post Orders before starting the watch. The Program Coordinator will review the Post Orders annually to ensure their accuracy.

2) **Inmate Observers.** Only the Warden may authorize the use of inmate observers (inmate companion program). The authorization for the use of inmate companions is to be made by the Warden on a case-by-case basis. If the Warden authorizes a companion program, the Program Coordinator will be responsible for the selection, training, assignment, and removal of individual companions. Inmates selected as companions are considered to be on an institution work assignment when they are on their scheduled shift and shall receive performance pay for time spent monitoring a potentially suicidal inmate.

d. **Watch Termination and Post-Watch Report.** Based upon clinical findings, the Program Coordinator or designee will:

1) Remove the inmate from suicide watch when the inmate is no longer at imminent risk for suicide, or

2) Arrange for the inmate's transfer to a medical referral center or contract health care facility.

Once an inmate has been placed on watch, the watch may not be terminated, **under any circumstance**, without the Program Coordinator or designee performing a face-to-face evaluation. Only the Program Coordinator will have the authority to remove an inmate from suicide watch. Generally, the post-watch report should be completed in PDS prior to terminating the watch, or as soon as possible following watch termination, to ensure appropriate continuity of care. Copies of the report will be forwarded to the central file, medical record, psychology file, and the Warden. There should be a clear description of the resolution of the crisis and guidelines for follow-up care.

At a minimum, the post-watch report will include:

+ risk factors assessed,
+ changes in risk factors since the onset of watch,
+ reasons for removal from watch, and
+ follow-up recommendations.

13. **INMATE OBSERVERS - INMATE COMPANION PROGRAM.**

a. **Selection of Inmate Observers.** Because of the very sensitive nature of such assignments, the selection of inmate observers requires considerable care. To provide round-the-clock observation of potentially suicidal inmates, a sufficient number of observers should be trained, and alternate candidates should be available.
Observers will be selected based upon their ability to perform the specific task but also for their reputation within the institution. In the Program Coordinator's judgement, they must be mature, reliable individuals who have credibility with both staff and inmates. They must be able, in the Program Coordinator's judgement, to protect the suicidal inmate's privacy from other inmates, while being accepted in the role by staff. Finally, in the Program Coordinator's judgement, they must be able to perform their duties with minimal need for direct supervision.

In addition, any inmate who is selected as a companion **must not:**

+ Be in pre-trial status or a contractual boarder;

+ Have been found to have committed a 100-level prohibited act within the last three years; or

+ Be in FRP, GED, or Drug Ed Refuse status.

b. **Inmate Observer Shifts.** Observers ordinarily will work a four-hour shift. Except under unusual circumstances, observers will not work longer than one five-hour shift in any 24-hour period. Inmate observers will receive performance pay for time on watch.

c. **Training Inmate Observers.** Each observer will receive at least four hours of initial training before being assigned to a suicide watch observer shift. Each observer will also receive at least four hours of training semiannually. Each training session will review policy requirements and instruct the inmates on their duties and responsibilities during a suicide watch, including:

+ the location of suicide watch areas;

+ summoning staff during all shifts;

+ recognizing behavioral signs of stress or agitation; and

+ recording observations in the suicide watch log.

d. **Meetings with Program Coordinator.** Observers will meet at least quarterly with the Program Coordinator or designee to review procedures, discuss issues, and supplement training. After inmates have served as observers, the Program Coordinator or designee will debrief them, individually or in groups, to discuss their experiences and make program changes, if necessary.

e. **Records.** The Program Coordinator will maintain a file containing:

+ An agreement of understanding and expectations signed by each inmate observer;

+ Documentation of attendance and topics discussed at training meetings;

+ Lists of inmates available to serve as observers, which will be available to Correctional Services personnel during non-regular working hours; and

+ Verification of pay for those who have performed watches.

f. **Supervision of Inmate Observer During a Suicide Watch.** Although observers will be selected on the basis of their emotional stability, maturity, and responsibility, they still require some level of staff supervision while performing a suicide watch.

+ This supervision will be provided by staff who are in the immediate area of the suicide watch room or who have continuous video observation of the inmate observer.

+ In all cases, when an inmate observer alerts staff to an emergency situation, staff must immediately respond to the suicide watch room and take necessary action to prevent the inmate on watch from incurring debilitating injury or death. In no case will an inmate observer be assigned to a watch without adequate provisions for staff supervision or without the ability to obtain immediate staff assistance.

**THE DECISION TO USE INMATE OBSERVERS MUST BE PREDICATED ON THE FACT THAT IT TAKES ONLY THREE TO FOUR MINUTES FOR MANY SUICIDE DEATHS TO OCCUR.**

+ Supervision must consist of at least 60-minute checks conducted in-person. Staff will initial the chronological log upon conducting checks.

g. **Removal.** The Program Coordinator or designee may remove any observer from the program at his/her discretion. Removal of an inmate observer should be documented in the records kept by the Program Coordinator.

14. **TRANSFER OF INMATES TO OTHER INSTITUTIONS.** The Program Coordinator will be responsible for making emergency referrals of suicidal inmates to the appropriate medical center. No inmate who is determined to be imminently suicidal will be transferred to another institution, except to a medical center on an emergency basis.

a. **Medical Center Referral.** Inmates who do not respond to treatment interventions and remain imminently suicidal require emergency hospitalization. Although a psychiatric referral may be indicated at any time, ordinarily the inmate shall be referred to a MRC after he or she has been on continuous watch for 72 hours. If the watch exceeds 72 continuous hours, the Program Coordinator must:

+ Contact the Regional Psychology Administrator to discuss the case and determine if an emergency transfer is appropriate.

+ If the decision is not to transfer the inmate to a MRC, the rationale for **not** initiating a request for emergency transfer must be documented in the PDS.

b. **Psychology Services at MRCs.** Psychology Services at each MRC will provide an appropriate intervention program for inmates who have been admitted for suicidal behavior. The program will include:

+ assessment,
+ therapeutic interventions, and
+ discharge planning.

The discharge planning may include a request to designate an institution for the inmate that can provide the custody and level of psychological service needed to prevent re-hospitalization.

c. **Consultations.** As part of the referral consideration process, it may be beneficial to consult with other mental health resources, MRC staff, or the Regional Psychology Services Administrator.

+ To ensure maximum communication and tracking of suicidal inmates, the Program Coordinator will notify

his or her Regional Psychology Administrator when a suicide watch is begun or terminated and when a suicide watch exceeds 72 hours.

+ The Program Coordinator or designee will document the referral considerations and all actions taken in the inmate's PDS record.

d. **SENTRY "Psych Alert" Assignments.** It is critically important that other institutions are notified when they are to receive inmates with recent suicidal indications and are at risk for self-harm.

+ The Program Coordinator must ensure that a suicidal inmate being transferred to a MRC is given the SENTRY "Psych Alert" assignment to signal all staff that serious psychological management problems and "continuity of care" issues are present.

15. **ANALYSIS OF SUICIDES.** If an inmate suicide does occur, the Program Coordinator will immediately notify the Regional Administrator, Psychology Services.

The suicide scene will be treated in a manner consistent with an inmate death investigation. All measures necessary to preserve and document the evidence needed to support subsequent investigations will be maintained or otherwise recorded adequately.

+ In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred.

+ All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction.

Ordinarily, the Regional Director will authorize an after-action review of the suicide to be completed by a psychologist from another institution or administrative office. Psychologists who have previously been involved in treatment of the inmate or in peer consultation in the case shall not participate in the suicide reconstruction. The report will address all the areas listed in the "Guide for the Psychological Reconstruction of an Inmate Suicide" (Attachment A).

The Regional Psychology Administrator will also review the Mortality Review Report prepared by Health Services for additional information and to explain any discrepancies with the Psychological Reconstruction Report.

a. **Central Office Review.** The Regional Director will forward copies of the Psychological Reconstruction Report to:

+ the Assistant Director, Correctional Programs Division;
+ the Assistant Director, Health Services Division; and
+ the Senior Deputy Assistant Director, Program Review Division.

b. **Special Review Committee.** The PRD Senior Deputy Assistant Director will submit the report to the Special Review Committee. The Special Review Committee will review the report and assess whether recommendations for corrective action will be addressed at the national or local institution level.

+ The PRD Senior Deputy Assistant Director will be responsible for tracking corrective actions and verifying the corrective action is accomplished.

16. **CODE OF FEDERAL REGULATIONS.** Federal Regulations appear in bracketed bold text, as reproduced from volume 28 of the Code of Federal Regulations, Chapter 5. The federal regulations that bind Bureau staff to specific program practices are primarily intended to describe Bureau programs and inmate rights, privileges, or responsibilities to inmates and members of the public.

**[§ 552.40 Purpose and scope.**

**The Bureau of Prisons (Bureau) operates a suicide prevention program to assist staff in identifying and managing potentially suicidal inmates. When staff identify an inmate as being at risk for suicide, staff will place the inmate on suicide watch. Based upon clinical findings, staff will either terminate the suicide watch when the inmate is no longer at imminent risk for suicide or arrange for the inmate's transfer to a medical referral center or contract health care facility.**

**§ 552.41 Program procedures.**

**(a) Program Coordinator. Each institution must have a Program Coordinator for the institution's suicide prevention program.**

**(b) Training. The Program Coordinator is responsible for ensuring that appropriate training is available to staff and to inmates selected as inmate observers.**

**(c) Identification of at risk inmates.**

**(1) Medical staff are to screen a newly admitted inmate for signs that the inmate is at risk for suicide. Ordinarily, this screening is to take place within twenty-four hours of the inmate's admission to the institution.**

(2) Staff (whether medical or non-medical) may make an identification at any time based upon the inmate's observed behavior.

(d) Referral. Staff who identify an inmate to be at risk for suicide will have the inmate placed on suicide watch.

(e) Assessment. A psychologist will clinically assess each inmate placed on suicide watch.

(f) Intervention. Upon completion of the clinical assessment, the Program Coordinator or designee will determine the appropriate intervention that best meets the needs of the inmate.

§ 552.42 Suicide watch conditions.

(a) Housing. Each institution must have one or more rooms designated specifically for housing an inmate on suicide watch. The designated room must allow staff to maintain adequate control of the inmate without compromising the ability to observe and protect the inmate.

(b) Observation.

(1) Staff or trained inmate observers operating in scheduled shifts are responsible for keeping the inmate under constant observation.

(2) Only the Warden may authorize the use of inmate observers.

(3) Inmate observers are considered to be on an institution work assignment when they are on their scheduled shift.

(c) Suicide watch log. Observers are to document significant observed behavior in a log book.

(d) Termination. Based upon clinical findings, the Program Coordinator or designee will:

(1) Remove the inmate from suicide watch when the inmate is no longer at imminent risk for suicide, or

(2) Arrange for the inmate's transfer to a medical referral center or contract health care facility.]

## BOP HIGH RISK GROUPS

+ **New Inmates** - The first few hours and days after admission can be critical. Newly incarcerated inmates may experience feelings such as shame, guilt, fear, sadness, anger, agitation, depression, relationship problems, legal concerns, hopelessness, and helplessness, which can contribute to increased suicide risk.

+ **Protective Custody** - Inmates who volunteer to enter protective custody are at high risk for suicide, especially during the first 72 hours in SHU. These inmates should be referred to psychology services immediately.

+ **Long-term Protective Custody Inmates** - These inmates are particularly vulnerable to depression that can lead to a suicide attempt, and should be monitored closely while they are in SHU.

+ **Inmates Taking Medication for Mental Health Reasons** - These inmates are vulnerable to developing suicidal thoughts and attempting suicide by overdosing on their medication. Inmates on medication should be monitored to make sure they are not hoarding medication. Any signs of distress, deterioration in hygiene, or sudden changes in behavior should be reported to psychology.

## FACTORS THAT CAN INCREASE THE PROBABILITY THAT AN INMATE MAY BECOME SUICIDAL:

+ **Mental Health Factors**

  History of mental illness
  1. Is the inmate depressed, actively psychotic?
  2. Has the inmate been compliant with psychotropic medication?
  3. Have there been changes in eating, sleeping, hygiene, weight, recreation, activity level?

  Prior suicide attempt
  1. How lethal was the attempt?
  2. How many attempts have been made?

Inmate's current mood, affect, and behavior

1. Is the inmate emotionally upset, angry, easily agitated?
2. Are the inmate's thoughts clear and goal directed (vs. delusional or psychotic in nature)?
3. Is the inmate depressed, has there been a recent loss?
4. Has hopelessness persisted even after the depression has lifted?
5. Has the inmate given away property, revised a will, requested a phone call to say his goodbyes?

+ **Medical Condition(s)/Chronic Pain**
  1. Does the inmate have a chronic life threatening medical illness?
  2. Has the inmate's overall health diminished recently?
  3. Is the inmate experiencing pain or other negative symptoms?

+ **Relationship Difficulties**
  1. Has the inmate received a Dear John letter?
  2. Have communications and or visits decreased?
  3. Has there been a change in the relationship?

+ **Situational Factors**
  1. Legal issues - pending indictment; loss of appeal to reduce sentence.
  2. Difficulties with staff or other inmates.
  3. Gambling debts, drugs.
  4. Ending of a close relationship with another inmate.
  5. Possible victim of a sexual assault.

## REPORTING AND DOCUMENTING INMATE BEHAVIOR

+ **Report Your Concerns** - Any inmate behavior(s) that is questionable and may reflect a change in mental health status should be reported to the Shift Lieutenant immediately.

+ **During non-working hours** - Inform the Shift Lieutenant of any questionable inmate behavior. He/she will determine if the on-call psychologist needs to be contacted.

+ **Segregation Log Book** - Any changes in inmate behaviors should be noted in the log book. A detailed note regarding the observed behavior is advisable. Documenting in the log book serves two purposes. First, the entry serves as a means of communication for other staff members. Second, it provides an accurate account of activity during your shift. Documentation should be neat, legible, and professional.

**RESPONDING TO A SUICIDE EMERGENCY**

+ A Segregation Officer observing an inmate in the act of committing suicide, causing other self-injurious behavior, or who appears to have committed suicide will call for back-up before entering the cell. The officer will notify the Control Center and the Lieutenant's Office by radio of the situation and request immediate back-up. BACK-UP MUST BE PRESENT IN ORDER TO ENTER A CELL.

+ The "cut-down" tool is located in the storage closet on a shadow board. It is the #1 officer's responsibility to locate this item at the start of the shift. This tool is only authorized to be used in emergency situations. Miscellaneous use of this tool is not permitted and will result in dulling the blade of the tool.

+ In the event an inmate commits suicide, the scene of the suicide will be treated in a manner consistent with the investigation of an inmate death. All measures necessary to preserve and document the evidence needed to support subsequent investigations will be maintained or otherwise adequately recorded.

**MEMORANDUM DOCUMENTING MOCK SUICIDE EMERGENCY TRAINING**

**DATE:** **4/5/2007**

**TO:** **Name, Associate Warden**

**FROM:** **Name, Operations Lieutenant**

**Subject:** **Mock Suicide Emergency Training**

This memorandum documents a mock suicide emergency training exercise. This training exercise occurred in the Special Housing Unit on Morning Watch on today's date at 5:30 a.m.

Staff present were:
- Name, Psychologist
- Name, Operations Lieutenant
- Name, Correctional Officer
- Name, Correctional Officer
- Name, Correctional Officer

The mock suicide emergency involved a hanging in a SHU cell. Staff responded quickly in notifying the Operations Lieutenant and Control. The Cut Down tool, AED, appropriate keys to allow access to the cell, and sufficient staff to open the cell door were assembled quickly (within XX minutes).

Staff discussed the exercise and response for training purposes.

**(IN CASES WHERE RECOMMENDATIONS ARE MADE, TEXT CAN BE ADDED TO DESCRIBE THE RECOMMENDATION AND CORRECTIVE ACTION TAKEN, e.g.)** Staff suggested the key to the security cage housing the Cut Down tool be placed on the Operations Lieutenant's and Compound Officer's key rings. A security work order has been initiated to do this.

**Subject:** Epstein #76318-054 Medical/Mental Health Records

**Attachments:** TEXT.htm, Certification of Identify Form.pdf

Good morning [redacted]

I spoke with folks here and confirmed we can proceed under our usual procedure for releasing medical/psych records to defense counsel. Accordingly, please send me a cover letter confirming you're defense counsel of record, the attached certification of identity, and a Rule 17 subpoena (no need to be so-ordered; a clerk's subpoena is fine). Normally we would require a HIPAA release as well, but privacy rights don't survive death in this context. Once I receive the certification, letter, and subpoena,, I will have the USAO's Civil Division authorize the records release as wall counsel pursuant to *United States ex rel. Touhy v. Regan,* 340 U.S. 462 (1951) and the associated regulations.

Please let me know if you have any questions/concerns.

Thank you,

**UNITED STATES DISTRICT COURT**
**SOUTHERN DISTRICT OF NEW YORK**

----------X

UNITED STATES OF AMERICA,

Government.

-against-

JEFFREY EPSTEIN,

Defendant.

**ORDER**

19 Cr 490

The Court will conduct a brief hearing on Tuesday, August 27, 2019 at 10:30 a.m. in connection with the *nolle prosequi* order proposed to the Court on August 19, 2019 by the United States Attorney.

The Court believes that where, as here, a defendant has died before any judgment has been entered against him, the public may still have an informational interest in the process by which the prosecutor seeks dismissal of an indictment.

At the hearing, Counsel for the Government and for the deceased Defendant, Jeffrey Epstein, will be heard. Counsel for the victims and the victims will also be heard, if they wish to be.

The hearing will be held in Courtroom 17B.

Tim, I made two edits/clarifications below on 7/29 first part, and 8/9 regarding the psych alert. Feel free to call me if you have any questions.

In terms of releasing the info, I don't have any concerns per se, however, this is all subject to an ongoing investigation. Normally, I would never release such information without first ensuring that the investigative body (OIG/FBI) do not have any concerns that its release may interfere with their investigation. Of course, you may have already done that, but in any event that is between you and them and not my business.

On July 23d, Epstein was placed on suicide watch and received medical evaluation. Epstein received daily psychological evaluations while on suicide watch.

On July 29th after daily interaction with Epstein, and according to established procedures, MCC-New York Psychology Services Department determined he no longer warranted placement on suicide watch. Epstein was returned to the Special Housing Unit (SHU) with a requirement that he have a cellmate. He was with same cellmate from that date until August 9th. In addition, the SHU confinement includes frequent head counts as well as 30 minute checks.

On August 9th at about 8:00 a.m., Epstein's cellmate was taken out of the institution for a Court appearance. That inmate was eventually released from custody by the Court and did not return to the institution. On August 9th, Epstein was in a legal visit with his lawyers all day until 6:45

p.m. Epstein returned to cell with no cellmate even though Epstein was on PSYCH Alert as well as a requirement that he have a cellmate. No cellmate was assigned to his cell on August 9th.

On August 10th at about 12:00 a.m., while in his cell, Epstein acknowledged a Correction Officer performing a routine check. After midnight, it appears that not all of the checks required to be performed were actually done.

On August 10th at approximately 6:33 a.m., Staff serving breakfast meal found Epstein unresponsive in his cell. Staff called for assistance and began CPR. When EMS arrived at the institution, he was transported to hospital where he was pronounced dead at 7:36am.

**UNITED STATES DISTRICT COURT**
**SOUTHERN DISTRICT OF NEW YORK**

----------X

UNITED STATES OF AMERICA,

Government.

-against-

JEFFREY EPSTEIN,

Defendant.

**ORDER**

19 Cr 490

The Court will conduct a brief hearing on Tuesday, August 27, 2019 at 10:30 a.m. in connection with the *nolle prosequi* order proposed to the Court on August 19, 2019 by the United States Attorney.

The Court believes that where, as here, a defendant has died before any judgment has been entered against him, the public may still have an informational interest in the process by which the prosecutor seeks dismissal of an indictment.

At the hearing, Counsel for the Government and for the deceased Defendant, Jeffrey Epstein, will be heard. Counsel for the victims and the victims will also be heard, if they wish to be.

The hearing will be held in Courtroom 17B.

Dear Mr. Epstein,

**You called me circa August 2017 and you and I had a Skype call** with my Ph.D. student, Ms. Zeinab Bandpey, in December 2017.

**A Scientist Of The Year:** Dr. S. Allen Counter, (l) director of the Harvard Foundation of Harvard University, and Dr. Benedict H. Gross (r), dean of Harvard College and Leverett Professor of Mathematics, present the Harvard Foundation "2004 Scientist of the Year Award" to noted mathematician Professor Dr. Jonathan David Farley. Farley is currently a visiting professor of applied mathematics at the Massachusetts Institute of Technology. He graduated summa cum laude from Harvard College with straight A's in mathematics and later earned a Ph.D. in mathematics from Oxford University. "Jonathan Farley is one of the

world's most impressive young mathematicians," said Dr. Counter. "He is a model of excellence for young people of all backgrounds, but especially African Americans who may see their intellectual potential in him. Harvard is proud to honor his achievements and acknowledge his fine example."

# I can help you.

I am now throwing you a lifesaver. You can donate to my university, the historically black college, Morgan State University. **Our accepting your $5 million will show the world you are not a pariah and may help you avoid a conviction like Bill Cosby.** The donation can be for "The Jeffrey Epstein Chair for the Promotion of Women in Mathematics," which will show the world your support for women.

Alternatively, Mark Zuckerberg gave $3 million "Breakthrough Awards" to two math professors. You can give *me* a similar award. Lord Robert May of Oxford, former President of the Royal Society, wrote to me in 2007, "I thought your analysis of the bee epidemic was nice, and could well be useful." In 2018, I solved a problem of Pólya Prize-winner Anders Björner which he posed in 1981 (he implied it was a "challenging question" in 1976) about matchings in infinite geometric lattices.

I am willing to publically stand with you, and your gift could generate support for you in the black community: public support is something you sorely need right now.

If you want to donate to a more prestigious university, the danger is that they will reject your gift, but Lincoln College, part of my *alma mater* Oxford University, needs £1.5 million for a lectureship in Pure Mathematics. They've raised less than £10,000!

https://www.givecampus.com/schools/LincolnCollege/mathematics-fellowship

I spoke with the head of the college and the head of development. The latter said that accepting money from you would be "a tough one for a UK institution," but if you funded *me* as an individual and pointed out to them that I could then take up the lectureship for free, they might be open to that. The benefit to you is that I would then be an Oxford University lecturer and you'd have an advocate at one of the world's most prestigious universities publically defending you. I could probably generate positive media coverage on your behalf as an Oxford don.

Cordially,

Jonathan Farley, D.Phil. (University of Oxford), A.B. *summa cum laude* (Harvard University)

## I can help you.

I am now throwing you a lifesaver. You can donate to my university, the historically black college, Morgan State University. **Our accepting your $5 million will show the world you are not a pariah and may help you avoid a conviction like Bill Cosby.** The donation can

EFTA00056476

be for "The Jeffrey Epstein Chair for the Promotion of Women in Mathematics," which will show the world your support for women.

Alternatively, Mark Zuckerberg gave $3 million "Breakthrough Awards" to two math professors. You can give *me* a similar award. Lord Robert May of Oxford, former President of the Royal Society, wrote to me in 2007, "I thought your analysis of the bee epidemic was nice, and could well be useful." In 2018, I solved a problem of Pólya Prize-winner Anders Björner which he posed in 1981 (he implied it was a "challenging question" in 1976) about matchings in infinite geometric lattices.

I am willing to publically stand with you, and your gift could generate support for you in the black community: public support is something you sorely need right now.

If you want to donate to a more prestigious university, the danger is that they will reject your gift, but Lincoln College, part of my *alma mater* Oxford University, needs £1.5 million for a lectureship in Pure Mathematics. They've raised less than £10,000!

https://www.givecampus.com/schools/LincolnCollege/mathematics-fellowship

I spoke with the head of the college and the head of development. The latter said that accepting money from you would be "a tough one for a UK institution," but if you funded *me* as an individual and pointed out to them that I could then take up the lectureship for free, they might be open to that. The benefit to you is that I would then be an Oxford University lecturer and you'd have an advocate at one of the world's most prestigious universities publically defending you. I could probably generate positive media coverage on your behalf as an Oxford don.

Cordially,

Jonathan Farley, D.Phil. (University of Oxford), A.B. *summa cum laude* (Harvard University)

# PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH

| | |
|---|---|
| Name: | Jeffrey Epstein |
| Register Number: | 76318-054 |
| Date of Death: | 08-10-2019 |
| Prepared by: | Robert Nagle, National Suicide Prevention Coordinator, Psychology Services Branch, Central Office |

## BACKGROUND INFORMATION

Mr. Jeffrey Epstein was a 66-year-old, White, male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), New York, ~~[illegible]~~, New York. James C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of Robert Nagle, National Suicide Prevention Coordinator, Central Office; Kristin Willert, Sex Offender Treatment Programs Coordinator, Central Office; Dia Boutwell, Mental Health Treatment Coordinator, Central Office; and Richard Hollingsworth, Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

Formal interviews were not conducted as a part of this reconstruction at the direction of the Department of Justice. As is normally done following a significant incident, a copy of relevant video was not completed. The original video was not reviewed as it was confiscated by the FBI prior to the beginning of this reconstruction. The absence of these two areas of inquiry severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

**Social History:** Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction, therefore no official information regarding social history was accessible. The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early advancement in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of sixteen. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 and he was dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first was with Steven Jude Hoffenberg as a consultant in the late 1980s. Mr. Hoffenberg was described as his first mentor and he was later convicted and incarcerated in a large Ponzi scheme. He implicated Mr. Epstein for fraudulently diverting company funds for his own personal use. Years later, Leslie Wexner,

Mr. Epstein's sole client at the J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as a mentee of Mr. Wexner, Mr. Epstein was again accused of misappropriating more than $46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These episodes are indicative of Mr. Epstein's well regarded intelligence and charismatic personality.

**Legal History:** Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18 month incarceration, successfully completed 12 months of probation, and it is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was not sentenced prior to his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge Richard M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand. This was likely significant to Mr. Epstein as he would lose the physical and financial comfort to which he had become accustomed. Furthermore, his ability to mount a defense would be limited to parameters of legal visits and legal work that could be accomplished in jail. These restrictions and the abundance of witnesses, victims and negative public attention were likely a considerable burden on Mr. Epstein.

**Institutional History:** On July 6, 2019, Mr. Epstein was arrested at Teterboro airport in New Jersey upon his return from Paris, France. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness amongst the inmate population of his notoriety.

Mr. Epstein received one incident report while in BOP custody for Self-mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged but it is unclear why it had been expunged or whether Mr. Epstein knew this. A review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (Reyes) commissary account.

## HEALTH CARE AND PERSONALITY DESCRIPTION

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, neuralgia and neuritis unspecified, and prediabetes. He was prescribed the following mediations: docusate sodium, milk of magnesia, omega 3, methylprednisolone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated" and it does not appear insulin was administered. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no available records concerning Mr. Epstein's psychological history or functioning during his previous incarceration in Florida. Dr. Schlessinger, Forensic Psychologist, completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems or substance abuse issues and treatment; no symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with Dr. Nagle, National Suicide Prevention Coordinator on July 8, 2019, Dr. Miller, Chief Psychologist, determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as a high profile case with media attention, sex offense charges, pre-trial status, and a court proceeding. The on-call psychologist gave a verbal telephone order to place Mr. Epstein on Psychological Observation status in one of the suicide watch cells on July 8, 2019, after he returned from his court appearance. He denied suicidal thoughts at that time, but due to the potential for other risk factors, he remained on Psychological Observation until he could be assessed in-person by a BOP psychologist. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with Dr. Miller. She determined that, while suicide watch was not warranted at that time, Mr. Epstein would remain on Psychological Observation status until July 10, 2019, out of an abundance of caution.

What is Psych Obs? Where in policy if at all?

On July 23, 2019, Dr. Miller, the on-call psychologist, was notified Mr. Epstein had been found in his cell with a piece of orange cloth around his neck. Reportedly, he was observed lying in the fetal position on the floor with a noose around his neck. Medical staff evaluated Mr. Epstein and found friction marks and superficial reddening of the neck skin. He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in-person suicide risk assessment. Dr. Imeri, Staff Psychologist, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. Mr. Epstein denied any knowledge of how he received marks on his neck and initially informed staff he believed his cellmate had attempted to kill him. Special Investigative Services (SIS) staff opened an investigation to assess Mr. Epstein's safety and collect facts surrounding the episode. Results of the investigation were undetermined as to whether he was assaulted or engaged in self-directed violence. Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicate he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas the psychology records in PDS-BEMR indicate he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." Psychology Services was notified on August 1, 2019, of this paperwork and met with Mr. Epstein to conduct the suicide risk assessment. Psychology Services determined suicide watch was not warranted at that time.

Mr. Epstein maintained a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with Psychology Services, Mr. Epstein routinely denied current mental health symptoms and he did not exhibit symptoms of a serious mental illness. His most frequent complaints were difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported being bothered by noise in SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit. On two occasions (July 26, 2019 and July 27, 2019), he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told Dr. Imeri the toilet in his cell would not stop flushing for an extended period of time and he took to sitting in the corner with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

**ANTECEDENT CIRCUMSTANCES**

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and years of allegations comprised of more serious charges. The current indictment alleged severe crimes against minors and he was facing up to 45 years in prison. A broad understanding of risk factors associated with sex offenders by staff at MCC New York did not appear to be present but was vital to his adjustment and safety in prison.

Following the incident on July 23, 2019, where it was undetermined whether Mr. Epstein had engaged in self-directed violence, feigned an incident in an attempt to gain preferred housing in a single cell or in another institution or had been assaulted, Psychological Observation was discontinued on July 30, 2019. Dr. Imeri, sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. It was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the e-mail.

Is this in accordance to policy?

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as SM 101: A Realistic Introduction; SlaveCraft: Roadmaps for Erotic Servitude; and Training with Miss Abernathy: A Workook for Erotic Slaves and Their Owners. Additional high profile public figures were also named. The documents were part of a defamation lawsuit filed by [redacted] a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged Madame. With the release of this information, it became increasingly clear that Mr. Epstein's chances of avoiding a lengthy period of incarceration and a broader public understanding of his private life were inevitable.

Workbook

and

Mr. Epstein was afforded telephone calls on two different days. No records of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Given the limited information known about Mr. Epstein, knowledge of the content of the calls would have been crucial to helping staff work with him.

Following the final telephone call on August 9, 2019, Mr. Epstein was moved into his SHU cell on the evening of August 9, 2019. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054) did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. Bureau staff had knowledge of his cellmate not returning from court as early as 1:50 p.m.

A review of the 30-minute Rounds forms indicate unit rounds were completed for the entire shift on the morning of August 10, 2019, with no discrepancies. However, a memorandum from Lieutenant Stanley Jean indicates Officer Tova Noel and Material Handler Supervisor Michael Thomas made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

**DESCRIPTION OF SCENE**

A detailed description of the scene was unavailable because the officers who discovered Mr. Eptstein did not write memorandums and could not be interviewed. According to the Report of Incident on August 10, 2019 at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the body alarm, and began life-saving measures. Arriving staff alleged they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and EMS arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. The two staff members working in SHU did not write memorandums prior to leaving the institution; therefore, more detailed information is not available. It was not possible to confirm reports with video.

**CONCLUSIONS/RECOMMENDATIONS**

A general appreciation of risk factors for suicide with sex offenders is necessary when reviewing Mr. Epstein's death. These factors as well as more general risk factors for suicide were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may include a loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He was a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared to cultivate a large social and professional network he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high-profile individuals. Approximately two-and-a-half weeks before his death, Mr. Epstein appeared

to attempt suicide, but ultimately denied it was a suicide attempt. He was convincing in his denial. At that time, he was saved because his cellmate notified Bureau staff. In the weeks before his death, he made statements that he was "a coward" and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. Given his lack of significant interpersonal connections, coupled with a complete loss of his status in both the community and among associates, the idea of potentially spending his life in prison was likely intolerable.

the following are a list of recommendations / observations:

1. Single Celling: It is recommended that all inmates be double celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

   It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by Executive Staff should be reviewed in a formal meeting such as recall, a department head meeting, and a lieutenants meeting.

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

3. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, Dr. Miller documented information received from Operations Lieutenant Glenda Anderson, that Mr. Epstein, "…was found with a string loosely hanging around his neck." In contrast, Officer Wilson Silva, who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote that he saw Mr. Epstein, "…laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that descriptions of the incident accurately reflect objective evidence.

   Officer Joseph Masullo wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive as to whether Mr. Epstein engaged in self-directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. Although the incident report was written in a timely manner, it presumed he engaged in self-directed violence and neglected to consider the other options of fighting and assault. Since it was unclear what had taken place in Mr. Epstein's cell there should have been three incident reports written: one alleging Mr. Epstein engaged in Self-Mutilation, one alleging Mr. Epstein participated in a Fight or Assault without Injury, and a third alleging Mr. Tartaglione participated in a Fight or Assault with Injury. It is recommended that staff remain open to reasonable explanations for a behavior and take the appropriate actions for all of those possibilities until a final determination is made.

Dr. Kari Schlessinger, entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of Solicitation of Prostitution and Procuring a Person Under the Age of eighteen for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. Brown.

Dr. Kerri Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody, according to P6031.04, Patient Care. which was on 7/6/19

Officer Alwin Thomas was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer Thomas used an Inmate Suicide Watch Log Book between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Inexplicably, Ms. Kenya Coates, Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer Thomas' entries from 1:40 a.m. to 6:00 a.m. into the Staff Suicide Watch Log Book. She then initialed these entries and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. Charisma Edge, Associate Warden to Dr. Schlessinger with a carbon copy to Warden N'Diaye on August 12, 2019. Of note, Ms. Coates did not make an entry explaining why she was making the log book changes. Additionally, Ms. Coates then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer Thomas nor was Ms. Coates assigned to work the Suicide Watch post. It is recommended that if a staff member makes an entry error (e.g., writes in the wrong kind of suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they become aware of the error. The staff member should then notify the Chief Psychologist.

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on ten occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower. There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Corrective Services Manual, requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum. A Correctional Officer is required to complete hourly rounds and sign the log book; 179 out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required

to sign one time per shift and 16 of 16 instances were missing. It is recommended that a review of Psychological Observation procedures be conducted and if it can no longer be effectively implemented the program should be discontinued.

4. Telephone Calls: In a PDS-BEMR note written by Dr. Miller on July 16, 2019, she was informed by another staff member that the lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown to whom these calls were placed and no evidence that they took place on a monitored telephone.

   According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area, on G tier, and provided the telephone to make a call. Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call that reportedly started with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

   It is recommended that all telephone calls be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

5. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July ,23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without, "direct, continuous observation" by a dedicated Bureau staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated Bureau staff member was not maintained as required by the Procedural Memorandum for Psychological Observation dated April 15, 2019, from MCC New York.

6. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba Torres, Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to Drs. Miller and Imeri and Lieutenant David Medina later that evening, she described Mr. Epstein as, "distraught, sad and a little confused." She said she then asked Mr. Epstein if he was okay and he reportedly said he was. However, she noted in her mail she was not convinced of this adding, "he seems dazed and withdrawn." She goes on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Elba Torres was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When Dr. Miller opened the e-mail on Monday morning, Mr. Epstein was seen by a psychologist.

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this. Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and inmates with a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he returned to MCC New York because this information was not properly entered in SENTRY. Regardless, upon his return the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had, "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m. Dr. Imeri sent Dr. Miller an e-mail reporting she had she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services as outlined in P5324.08, Suicide Prevention Program. When a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct, continuous observation until he is placed on Suicide Watch or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions until he was seen by Dr. Imeri for a Suicide Risk Assessment on August 1, 2019, at approximately 1:30 p.m.

7. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by Dr. Miller, input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated. Mr. Tartaglione was also a high profile inmate, an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked significant unique risk factors associated with individuals who have been charged with and convicted of a sex offense.

On July 25, 2019, an e-mail was sent to Shirley Skipper-Scott, Associate Warden explaining a consultation between Dr. Miller and Dr. Nagle, National Suicide Prevention Coordinator. Dr. Miller reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate that had

a sex offense. There is no evidence this information was considered beyond this e-mail and Mr. Epstein was never housed with another sex offending inmate.

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and need for psychological stability.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019 at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., we generated a quarters history roster for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019 until August 11, 2019, when he was moved to cell Z04-207LAD. We then generated a quarters history roster for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

   On Monday, August 12, 2019, photos of the outer cell door and SHU locator form were sent to the Correctional Service Department in the Northeast Region. The SHU locator sheet is dated August 9, 2019. The locator form shows Inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes, Efrain, (#85993-054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

   A review of the suicide watch log books show that when Mr. Epstein was on suicide watch he was in Cell 4, but SENTRY states he was in cell H01-001L. A review was conducted on August 13, 2019, the four inmates currently in H01 cells. There are four cells dedicated as suicide watch cells (H01 cells in SENTRY) with an inmate in each cell. SENTRY shows two inmates assigned to H01-001L, one assigned to H01-002L, and the fourth inmate assigned to a General Population Housing Unit. Through physical observation of the dedicated suicide watch cells there were four H01 cells, however a review of the BOPWARE Inmate Housing Format, only shows three H01 cells.

   Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

9. Attorney Log Books: Attorney visiting area – attorney log books; Attorney visiting area – inmate search logs, and Front lobby - attorney log books were inconsistently secured immediately following the event (1 attorney visiting area – attorney log book was secured, 2 attorney visiting area – attorney log books, 1 inmate search log, and 1 front lobby attorney log book were not).

P5324.08 states:

a. In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred.

b. All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction.

A review of the attorney log books identified many errors and signify a systemic concern. For example, there were two open Attorney visiting area – attorney log books, entries were made out of chronological order, attorney visitors are not consistently signing in and out; the differing purposes of the Attorney visiting area – attorney log books and the Front lobby – attorney log books is not known and could not be explained, significant information is illegible or missing, columns are not consistently labeled, log book opening and closing dates are inconsistent, the cover was missing on several books, staff were unable to articulate a system of control of the log books, and over several days some log books were unaccountable for extended periods of time. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of AEDs available in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

11. Post Orders & SHU Training: Post Orders were reviewed for the 3rd Quarter in SHU. Officer L. Grey failed to sign post orders for SHU#3.

    Reviewed the sign in sheet for the SHU training for the 3rd Quarter (June 9, 2019, to September 7, 2019). The training was conducted on June 6, 2019. Three staff assigned to the quarterly roster in the Special Housing Unit did not attend or receive the SHU Training: Officer D. Dubenezic, Officer M. Monge, and Officer A. Grijalva.

12. Staffing: The Drug Abuse Program Coordinator positon was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing the Drug Abuse Program Coordinator position would restore a position previously abolished and provide the institution with an additional supervisory psychologist to provide critical clinical services.

    Staffing in the Correctional Services department is relevant to the reconstruction. Details are provided in the After Action Review.

13. Case Conceptualization: While it is acknowledged that there is limited time for psychologists to dedicate extended periods conceptualizing cases, it is recommended in particularly complex and/or high profile cases in order to enhance services provided and maximize support for Executive Staff management of inmates.

Wow, right as I finished my last email, my boss just gave me the final response that I'll now send to all the reporters who reached out to our public affairs office in Central Office (you can send this to media who contacted you too Rocco):

**Jeffrey Epstein is currently housed at MCC New York and not in a local hospital as has been reported. As with all inmates, for privacy and security reasons, we do not share information on an inmate's medical status or their conditions of confinement.**

Chad,

This is a heads up that our public affairs office, IPPA leadership, and the Director's office drafted a statement for all Epstein inquiries today that DOJ's public affairs folks are now reviewing. USMS will also see it because they are getting media inquiries and called me. And DOJ's Legislative Affairs team as well as BOP's legislative affairs folks are getting Congressional interest (Members' offices saying we should take better care of him, etc.).

The final response to media that will be approved by DOJ should be given to me within the hour and I will send it out to more than 30 reporters who've emailed me. I'll give the response to Rocco who can give it to media who've contacted him in Lee's absence (Lee also has been in touch with me to be sure I have all I need).

I'll send you all the final approved response from DOJ when I get it.

Thanks,
Justin

Reporter:
Stephen Brown - NY DAILY NEWS

Questions & Proposed Responses:

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against Tova Noel and Michael Thomas. I've spoken to an AFG

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?
RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have alre

Andy,

I attached Epstein 292 forms from 7/7-2019 to 8/10/2019. During this periods, Epstein was moved in and out from SHU 3 times.
I looked into his SHU history records and filled SHU administration data into 292 history reports.

Thanks,
Minchih

>>> Andy Black 8/11/2019 7:35 PM >>>
Minchih,

As you are probably aware inmate Epstein was found dead in his SHU cell in NYM this past Saturday morning. We need to reconstruct as best we can inmate Epstein's 292 record for the week prior to his death (Monday, August 5, 2019 through Friday, August 9, 2019). Please make this your number one priority and e-mail me the results when you are done. This is a time critical task.

Thanks.

Kevin,

See attached reconstructed SROs.

Andy,

I attached 2 copies of Epstein SRO reviews:
1. Epstein_Reno76318-054_SRO_20190710-20190723.pdf (confined in SHU 7/10/2019 - 7/23/2019), and
2. Epstein_Reno76318-054_SRO_20190729-20190810.pdf (confined in SHU 7/29/2019 - 8/10/2019)

Because the first confinement, Epstein was held only 2 days in SHU (7/7/2019 - 7/8/2019), NYM did not review Epstein.

Thanks,
Minchih

>>> Andy Black <ABlack@bop.gov> 8/12/2019 12:40 PM >>>
Please do it. We need it tomorrow morning at the latest.

Andy,

SRO review data is stored in DREV table. But SHU generates SRO review for inmates are currently in Z house. I need to write some code to get around to get the SRO reports for Epstein.

Minchih, these are good. Thanks. Also, need any data you can get for SROs (SHU reviews). Apparently since he was "notorious" he should have had more frequent reviews. Do we have any data indicating the SRO?

>>> Minchih Chen 8/12/2019 11:37 AM >>>
Andy,

I attached Epstein 292 forms from 7/7-2019 to 8/10/2019. During this periods, Epstein was moved in and out from SHU 3 times.
I looked into his SHU history records and filled SHU administration data into 292 history reports.

Thanks,
Minchih

>>> Andy Black 8/11/2019 7:35 PM >>>
Minchih,

As you are probably aware inmate Epstein was found dead in his SHU cell in NYM this past Saturday morning. We need to reconstruct as best we can inmate Epstein's 292 record for the week prior to his death (Monday, August 5, 2019 through Friday, August 9, 2019). Please make this your number one priority and e-mail me the results when you are done. This is a time critical task.

Thanks.

Good afternoon all,

Below please find complaints from Epstein's attorneys. Can you check to see if he has toilet paper and that his CPAP is plugged in?

I am less concerned regarding his complaint of having had two calls, but they were on unmonitored lines, so there is no recording of them. Is his phone account set up so he can get a call on the ITS when 30 days has elapsed?

Thank you,
Adam

Good afternoon Mr. Johnson,

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Best,

Mariel Colon Miro, Esq.

Hi All,

Diaz asked me last week to reach out to his attorneys to find out what they wanted us to do with the funds. I explained to defense counsel that our normal practice was to cut a check to the next-of-kin that we have on-file. However, given the circumstances and the discussion of Epstein's will in the media, I told defense counsel we wanted to make sure we didn't need to do anything differently here. Defense counsel told me they would get back to me. I haven't heard from them yet. Is there a deadline by which we need to release the funds?

Thanks,
Steph

**UNITED STATES DISTRICT COURT**
**SOUTHERN DISTRICT OF NEW YORK**

----------X

UNITED STATES OF AMERICA,

Government.

-against-

JEFFREY EPSTEIN,

Defendant.

----------X

**ORDER**

19 Cr 490

The Court will conduct a brief hearing on Tuesday, August 27, 2019 at 10:30 a.m. in connection with the *nolle prosequi* order proposed to the Court on August 19, 2019 by the United States Attorney.

The Court believes that where, as here, a defendant has died before any judgment has been entered against him, the public may still have an informational interest in the process by which the prosecutor seeks dismissal of an indictment.

At the hearing, Counsel for the Government and for the deceased Defendant, Jeffrey Epstein, will be heard. Counsel for the victims and the victims will also be heard, if they wish to be.

The hearing will be held in Courtroom 17B.

Hi Maurene,

The investigation is nearing completion. He was given an incident report for self mutilation yesterday and is expected to have his DHO hearing in the near future. The original claims against Tartaglione appear unfounded, but we are still awaiting the final report.

Thank you,
Adam

Hi Adam and Steph,

Is the investigation into Jeffrey Epstein's injuries still ongoing? I ask because we have a conference before Judge Berman tomorrow morning, and we expect that he will ask us about what happened at the MCC. If the investigation is still ongoing, we will tell him that. If it has been completed, would you please send us any new reports and whatever documentation sets forth the conclusions that the investigators reached?

Thanks,
Maurene

Wow, right as I finished my last email, my boss just gave me the final response that I'll now send to all the reporters who reached out to our public affairs office in Central Office (you can send this to media who contacted you too Rocco):

**Jeffrey Epstein is currently housed at MCC New York and not in a local hospital as has been reported. As with all inmates, for privacy and security reasons, we do not share information on an inmate's medical status or their conditions of confinement.**

Chad,

This is a heads up that our public affairs office, IPPA leadership, and the Director's office drafted a statement for all Epstein inquiries today that DOJ's public affairs folks are now reviewing. USMS will also see it because they are getting media inquiries and called me. And DOJ's Legislative Affairs team as well as BOP's legislative affairs folks are getting Congressional interest (Members' offices saying we should take better care of him, etc.).

The final response to media that will be approved by DOJ should be given to me within the hour and I will send it out to more than 30 reporters who've emailed me. I'll give the response to Rocco who can give it to media who've contacted him in Lee's absence (Lee also has been in touch with me to be sure I have all I need).

I'll send you all the final approved response from DOJ when I get it.

Thanks,
Justin

Tim, I made two edits/clarifications below on 7/29 first part, and 8/9 regarding the psych alert. Feel free to call me if you have any questions.

In terms of releasing the info, I don't have any concerns per se, however, this is all subject to an ongoing investigation. Normally, I would never release such information without first ensuring that the investigative body (OIG/FBI) do not have any concerns that its release may interfere with their investigation. Of course, you may have already done that, but in any event that is between you and them and not my business.

Hugh

On July 23d, Epstein was placed on suicide watch and received medical evaluation. Epstein received daily psychological evaluations while on suicide watch.

On July 29th after daily interaction with Epstein, and according to established procedures, MCC-New York Psychology Services Department determined he no longer warranted placement on suicide watch. Epstein was returned to the Special Housing Unit (SHU) with a requirement that he have a cellmate. He was with same cellmate from that date until August 9th. In addition, the SHU confinement includes frequent head counts as well as 30 minute checks.

On August 9th at about 8:00 a.m., Epstein's cellmate was taken out of the institution for a Court appearance. That inmate was eventually released from custody by the Court and did not return to the institution. On August 9th, Epstein was in a legal visit with his lawyers all day until 6:45

p.m. Epstein returned to cell with no cellmate even though Epstein was on PSYCH Alert as well as a requirement that he have a cellmate. No cellmate was assigned to his cell on August 9th.

On August 10th at about 12:00 a.m., while in his cell, Epstein acknowledged a Correction Officer performing a routine check. After midnight, it appears that not all of the checks required to be performed were actually done.

On August 10th at approximately 6:33 a.m., Staff serving breakfast meal found Epstein unresponsive in his cell. Staff called for assistance and began CPR. When EMS arrived at the institution, he was transported to hospital where he was pronounced dead at 7:36am.

Lee,

Here is an updated version for the moment

**Reporter:**

Stephen Brown - NY DAILY NEWS

**Questions & Proposed Responses:**

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against Tova Noel and Michael Thomas. I've spoken to an AFGE union official and Thomas's defense attorney. The story will run over the weekend so I'd appreciate a response by COB today.

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues. The story will also note that the facility itself is in very bad shape and that, according to people I spoke to, there has not been a hiring surge or any major reforms in the wake of Jeffrey Epstein's suicide.

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?

**RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and already hired new staff now working there after Epstein's death) and overtime work performed at MCC New York by staff on temporary assignment from other Bureau of Prisons correctional institutions. The BOP has expended over $500,000 bringing staff to MCC New York from other facilities (since Epstein?).**

MCC New York has spent approximately 2.6 million in infrastructure repairs since March 2019 and continues to make appropriate enhancements and repairs thought the facility.

(2) Has there been a hiring surge since Epstein's suicide?

**RESPONSE: 21 staff have been hired since inmate Epstein's death. (I may need to confirm with Central Office's HRM)**

(3) Any changes in BOP policies following Epstein's suicide?

**RESPONSE: Lee will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. MCC NY has made several chances and implementing managerial oversite pertaining to inmate accountability. This includes reviewing restictive housing (SHU) video footage to ensure rounds are conducted timely and accurately, lieutenants conducting counts in (SHU) on morning watch, staff conducting single cell reports for inmates housed alone in cells, and mandatory notification to the warden for review of inmates placed on suicide watch. In addition daily bed book audits supervised by Executive Staff.**

(4) Is it correct that Noel and Thomas were responsible for roughly 50 to 70 inmates the night of the suicide?

**RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.**

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)

**RESPONSE: Lee is checking to see if HRM can answer this; if not, then we could say the following: Some staff have been working at MCC New York for 30 years. However the**

following. Some staff have been working at MCC New York for 30 years. However the **average staff member assigned to MCC NY has 11.5 years with the agency.**

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled correctional officers?

**RESPONSE: MCC New York Executive staff have been transparent with staff pertaining to staffing levels and its progress on hiring. Management has worked with the local union representatives and held a recruitment fair which was held in August to recruit Correctional Officers. The Excecutive staff has held staff recalls and meetings emphasizing that the institution's leadership understands staff's concerns and is doing the best to increase staffing levels. Staff have been told and regularly see the many staff who are assigned temporarily to MCC New York from all over the country to assist with shortages in multiple departments at MCC New York from correctional services, food service, safety, education, psychology, medical machanical services, As new positions post and staff see temporary staff coming in to alleviate the burdens of overtime work, the morale at MCC NY is improving.**

Hello,

I'm a reporter with BuzzFeed News. I'm reaching out because we suspect one of the paramedics involved in responding the Jeffrey Epstein call posted information online before it was reported in the mainstream media.

We were able to view posts on the website 4chan, frequented by far-right trolls, that were published a full 45 minutes before ABC news first reported Epstein's death. I'd like to send you the posts to verify whether the information in them is correct and whether it could have come to your team but in addition to that, do you have any statement on the situation?

Thank you,
Jane

**Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054**
**United States v. Jeffrey Epstein, 19-cr-00490-RMB**

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-7700. Thank you for your time and attention to this matter.

Sincerely,

Lamine N'Diaye
Warden
MCC New York

Lee,

Here is an updated version for the moment

**Questions & Proposed Responses:**

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against Tova Noel and Michael Thomas. I've spoken to an AFGE union official and Thomas's defense attorney. The story will run over the weekend so I'd appreciate a response by COB today.

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues. The story will also note that the facility itself is in very bad shape and that, according to people I spoke to, there has not been a hiring surge or any major reforms in the wake of Jeffrey Epstein's suicide.

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?

**RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and already hired new staff now working there after Epstein's death) and overtime work performed at MCC New York by staff on temporary assignment from other Bureau of Prisons correctional institutions. The BOP has expended over $500,000 bringing staff to MCC New York from other facilities (since Epstein?).**

MCC New York has spent approximately 2.6 million in infrastructure repairs since March 2019 and continues to make appropriate enhancements and repairs thought the facility.

(2) Has there been a hiring surge since Epstein's suicide?

**RESPONSE: 21 staff have been hired since inmate Epstein's death. (I may need to confirm with Central Office's HRM)**

(3) Any changes in BOP policies following Epstein's suicide?

**RESPONSE: Lee will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. MCC NY has made several chances and implementing managerial oversite pertaining to inmate accountability. This includes reviewing restictive housing (SHU) video footage to ensure rounds are conducted timely and accurately, lieutenants conducting counts in (SHU) on morning watch, staff conducting single cell reports for inmates housed alone in cells, and mandatory notification to the warden for review of inmates placed on suicide watch. In addition daily bed book audits supervised by Executive Staff.**

(4) Is it correct that Noel and Thomas were responsible for roughly 50 to 70 inmates the night of the suicide?

**RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.**

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)

**RESPONSE: Lee is checking to see if HRM can answer this; if not, then we could say the following: Some staff have been working at MCC New York for 30 years. However the**

following. Some staff have been working at MCC New York for 30 years. However the **average staff member assigned to MCC NY has 11.5 years with the agency.**

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled correctional officers?

**RESPONSE: MCC New York Executive staff have been transparent with staff pertaining to staffing levels and its progress on hiring. Management has worked with the local union representatives and held a recruitment fair which was held in August to recruit Correctional Officers. The Excecutive staff has held staff recalls and meetings emphasizing that the institution's leadership understands staff's concerns and is doing the best to increase staffing levels. Staff have been told and regularly see the many staff who are assigned temporarily to MCC New York from all over the country to assist with shortages in multiple departments at MCC New York from correctional services, food service, safety, education, psychology, medical machanical services, As new positions post and staff see temporary staff coming in to alleviate the burdens of overtime work, the morale at MCC NY is improving.**

Wow, right as I finished my last email, my boss just gave me the final response that I'll now send to all the reporters who reached out to our public affairs office in Central Office (you can send this to media who contacted you too Rocco):

**Jeffrey Epstein is currently housed at MCC New York and not in a local hospital as has been reported. As with all inmates, for privacy and security reasons, we do not share information on an inmate's medical status or their conditions of confinement.**

Chad,

This is a heads up that our public affairs office, IPPA leadership, and the Director's office drafted a statement for all Epstein inquiries today that DOJ's public affairs folks are now reviewing. USMS will also see it because they are getting media inquiries and called me. And DOJ's Legislative Affairs team as well as BOP's legislative affairs folks are getting Congressional interest (Members' offices saying we should take better care of him, etc.).

The final response to media that will be approved by DOJ should be given to me within the hour and I will send it out to more than 30 reporters who've emailed me. I'll give the response to Rocco who can give it to media who've contacted him in Lee's absence (Lee also has been in touch with me to be sure I have all I need).

I'll send you all the final approved response from DOJ when I get it.

Thanks,
Justin

Hi Brad/Loneryl - See questions from JMD below. Let me know how to proceed on this. Thanks Syed

Hello Syed,

Lee is talking with BOP's Acting Director now, and Budget Staff has been directed to ask BOP the following questions regarding Jeffrey Epstein with immediate turnaround requested. **Please provide responses to all of the following questions by 4:00 pm today:**

1. What are the Actual Authorized and Actual On-Board employee numbers for MCC New York?
2. What are the Actual Authorized and Actual On-Board Correctional Officer numbers for MCC New York?
3. How many Correctional Officers were absent for any reason (did not show for work) on Friday 8/09 at MCC New York? How many Correctional Officers were absent for any reason on Saturday 8/10?
    a. Can this be broken down for the overnight shift between Friday and Saturday?
4. To what extent was MCC New York utilizing recruitment and retention bonuses?
5. Did MCC New York request additional Correctional Officer positions from BOP, and if so, were they provided?
6. Of the two correctional officers patrolling that unit, how many were Correctional Officers in the traditional sense (0007 series)? Was either of the employees an "augmented" staffperson?
7. Does MCC New York generally use augmentation or overtime to address staffing shortages?
8. At MCC New York, are correctional officers who perform overtime generally performing voluntary overtime, or are they generally performing mandated overtime?
9. Provide the "bid sheet" for overtime for Friday night 8/09 at MCC New York.
10. Provide report of MCC New York inmates by week for the previous five years.
11. We believe that MCC New York had 19 vacant positions and was recruiting 41 candidates. Please confirm whether this is accurate.

Please provide as much information as is available by 4:00pm; we understand this is a very short turnaround. Please let me know if you would like to discuss.

Amit

I don't think that he was approved to send out pictures and other stuff. Now what he does with his medical report is a different story.

Hi Maurene,

Just a heads-up that Judge Berman invited the Warden and I to the hearing this morning. The Warden declined because of another meeting and asked to meet the Judge at a later date, but I'll be attending. I asked Christine if Judge Berman's expectation was for me to sit at counsel's table or in the galley, but she never responded. In that case, I defer to you unless we hear otherwise when we get there.

Thanks,
Steph

Hi Adam and Steph,

Is the investigation into Jeffrey Epstein's injuries still ongoing? I ask because we have a conference before Judge Berman tomorrow morning, and we expect that he will ask us about what happened at the MCC. If the investigation is still ongoing, we will tell him that. If it has been completed, would you please send us any new reports and whatever documentation sets forth the conclusions that the investigators reached?

Thanks,

Maurene

Lee,

Here is an updated version for the moment

**Reporter:**
Stephen Brown - NY DAILY NEWS

**Questions & Proposed Responses:**
Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against Tova Noel and Michael Thomas. I've spoken to an AFGE union official and Thomas's defense attorney. The story will run over the weekend so I'd appreciate a response by COB today.

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues. The story will also note that the facility itself is in very bad shape and that, according to people I spoke to, there has not been a hiring surge or any major reforms in the wake of Jeffrey Epstein's suicide.

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?
**RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and already hired new staff now working there after Epstein's death) and overtime work performed at MCC New York by staff on temporary assignment from other Bureau of Prisons correctional institutions. The BOP has expended over $500,000 bringing staff to MCC New York from other facilities (this year or since Epstein?).**

(2) Has there been a hiring surge since Epstein's suicide?
**RESPONSE: 21 staff have been hired since inmate Epstein's death. (I may need to confirm with Central Office's HRM)**

(3) Any changes in BOP policies following Epstein's suicide?
**RESPONSE: Lee will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. This includes reviewing video footage to ensure rounds are conducted timely and accurately, lieutenants conducting counts on morning watch, staff conducting reports for inmates housed alone in cells, and increased warden notification and review for inmates placed on suicide watch.**

(4) Is it correct that Noel and Thomas were responsible for roughly 50 to 70 inmates the night of the suicide?

**RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.**

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)
**RESPONSE: Lee is checking to see if HRM can answer this; if not, then we could say the following: We do not have this information readily available, but it varies significantly among staff. Some staff have been working at MCC New York for over 30 years.**

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled correctional officers?
**RESPONSE: MCC New York has had staff recalls and meetings emphasizing that the institution's leadership understands staff's concerns and is doing the best we can. Staff have been told and regularly see the many staff who are assigned temporarily to MCC New York to assist with shortages in multiple departments at MCC New York from food services to correctional services. As new jobs post and staff see temporary staff coming to alleviate the burdens of overtime work, morale is rising.**

Lee,

Here is a very rough draft for you and your staff to enhance if possible very quickly today. I can then run by Mike and my boss before I answer the reporter. Feel free to tell me if I've said more below from our conversation than may be appropriate to share with media.

Thanks,
Justin

**Reporter:**
Stephen Brown - NY DAILY NEWS

**Questions & Proposed Responses:**
Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against Tova Noel and Michael Thomas. I've spoken to an AFGE union official and Thomas's defense attorney. The story will run over the weekend so I'd appreciate a response by COB today.

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues. The story will also note that the facility itself is in very bad shape and that, according to people I spoke to, there has not been a hiring surge or any major reforms in the wake of Jeffrey Epstein's suicide.

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?
**RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and already hired new staff now working there after Epstein's death) and overtime work performed at MCC New York by staff on temporary assignment from other Bureau of Prisons correctional institutions. The BOP has expended over $500,000 bringing staff to MCC New York from other facilities (this year or since Epstein?).**

(2) Has there been a hiring surge since Epstein's suicide?
**RESPONSE: __ (12?) staff have been hired since January roughly (Lee can get exact numbers from his institution' HRM, I may need to confirm with Central Office's HRM)**

(3) Any changes in BOP policies following Epstein's suicide?
**RESPONSE: Lee will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. This includes reviewing video footage to ensure rounds are conducted timely and accurately, lieutenants conducting counts on morning watch, staff conducting reports for inmates housed alone in cells, and increased warden notification and review for inmates**

**placed on suicide watch.**

(4) Is it correct that Noel and Thomas were responsible for roughly 50 to 70 inmates the night of the suicide?
**RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.**

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)
**RESPONSE: Lee is checking to see if HRM can answer this; if not, then we could say the following: We do not have this information readily available, but it varies significantly among staff. Some staff have been working at MCC New York for over 30 years.**

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled correctional officers?
**RESPONSE: MCC New York has had staff recalls and meetings emphasizing that the institution's leadership understands staff's concerns and is doing the best we can. Staff have been told and regularly see the many staff who are assigned temporarily to MCC New York to assist with shortages in multiple departments at MCC New York from food services to correctional services. As new jobs post and staff see temporary staff coming to alleviate the burdens of overtime work, morale is rising.**

Good morning Mr. Johnson,

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with Dr. Miller, Lieutenant Rice and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer White told my client and I that he would not be allowed to use the bathroom unless a Liutenant could come or unless he sees a memo from Liutenant Rice or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr.

Pfuorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

Mariel Colon Miro, Esq.

Wow, right as I finished my last email, my boss just gave me the final response that I'll now send to all the reporters who reached out to our public affairs office in Central Office (you can send this to media who contacted you too Rocco):

**Jeffrey Epstein is currently housed at MCC New York and not in a local hospital as has been reported. As with all inmates, for privacy and security reasons, we do not share information on an inmate's medical status or their conditions of confinement.**

>>> Justin B. Long 7/25/2019 10:54 AM >>>

Chad,

This is a heads up that our public affairs office, IPPA leadership, and the Director's office drafted a statement for all Epstein inquiries today that DOJ's public affairs folks are now reviewing. USMS will also see it because they are getting media inquiries and called me. And DOJ's Legislative Affairs team as well as BOP's legislative affairs folks are getting Congressional interest (Members' offices saying we should take better care of him, etc.).

The final response to media that will be approved by DOJ should be given to me within the hour and I will send it out to more than 30 reporters who've emailed me. I'll give the response to Rocco who can give it to media who've contacted him in Lee's absence (Lee also has been in touch with me to be sure I have all I need).

I'll send you all the final approved response from DOJ when I get it.

Thanks,
Justin

**Union and lawmakers have long warned of 'dire' federal prison staffing shortages**
CNN
https://edition.cnn.com/2019/08/13/politics/prisons-bureau-jeffrey-epstein/index.html
Staffing shortages at the Bureau of Prisons are dire and widespread, according to agency employees and lawmakers who say they've been warning the Justice Department about the problem and demanding changes for years. Attorney General William Barr has launched investigations into Jeffery Epstein's death. But earlier this year, he referred to delays in hiring new people at the Bureau of Prisons as a "snafu" caused by bureaucracy in the federal prison system.

**Investigators looking at whether Jeffrey Epstein's guards may have been sleeping**
NBC
https://www.nbcnews.com/news/us-news/investigators-looking-whether-jeffrey-epstein-s-guards-may-have-been-n1042116
Investigators are looking into whether two guards tasked with watching Jeffrey Epstein may have been sleeping when the accused sex trafficker died in a New York City jail cell, two officials familiar with the investigation told NBC News on Tuesday night.

**4chan post about Epstein's death before news was public didn't come from FDNY, officials say**
USA Today
https://www.usatoday.com/story/news/nation/2019/08/13/4-chan-post-jeffrey-epstein-death-made-before-news-broke-not-from-fdny/2002514001/
A social media post detailing the death of accused sex trafficker Jeffrey Epstein made well before the official announcement did not come from within the New York City Fire Department, officials said Tuesday. BuzzFeed News first reported that a message was posted on 4chan, an anonymous message board that is popular with far-right trolls, at 8:16 a.m. That's about 38 minutes before an ABC News reporter broke the news of Epstein's death.

**Warden at New York jail where financier Epstein died is removed**
Reuters
https://www.reuters.com/article/us-people-jeffrey-epstein/warden-at-new-york-jail-where-financier-epstein-died-is-removed-idUSKCN1V30H8
U.S. Attorney General William Barr ordered the removal of the warden at the federal jail where financier Jeffrey Epstein was found dead in an apparent suicide while awaiting trial on sex trafficking charges, the Justice Department said on Tuesday, after condemning “serious irregularities” at the facility.

**Epstein guards suspected of falsifying logs**
KHQA
https://khqa.com/news/nation-world/doj-says-2-epstein-guards-are-placed-on-leave

The warden at the federal jail where Jeffrey Epstein took his own life over the weekend was removed Tuesday and two guards who were supposed to be watching the financier were placed on leave while federal authorities investigate the death. The move by the Justice Department came amid mounting evidence that the chronically understaffed Metropolitan Correctional Center may have bungled its responsibility to keep the 66-year-old Epstein from harming himself while he awaited trial on charges of sexually abusing teenage girls.

**Trump appears to back off plans to commute Blagojevich's sentence after pushback from Illinois Republicans**

CNN

https://www.cnn.com/2019/08/14/politics/trump-blagojevich-commutation-illinois-republicans/index.html

President Donald Trump was on the cusp of commuting former Illinois Gov. Rod Blagojevich's sentence late last week, multiple sources said. But then Republican members of Illinois' congressional delegation began flooding the White House with calls.

Does 12 noon work? If there is something new and pressing, we can do a call earlier.

Tim, I made two edits/clarifications below on 7/29 first part, and 8/9 regarding the psych alert. Feel free to call me if you have any questions.

In terms of releasing the info, I don't have any concerns per se, however, this is all subject to an ongoing investigation. Normally, I would never release such information without first ensuring that the investigative body (OIG/FBI) do not have any concerns that its release may interfere with their investigation. Of course, you may have already done that, but in any event that is between you and them and not my business.

On July 23d, Epstein was placed on suicide watch and received medical evaluation. Epstein received daily psychological evaluations while on suicide watch.

On July 29th after daily interaction with Epstein, and according to established procedures, MCC-New York Psychology Services Department determined he no longer warranted placement on suicide watch. Epstein was returned to the Special Housing Unit (SHU) with a requirement that he have a cellmate. He was with same cellmate from that date until August 9th. In addition, the SHU confinement includes frequent head counts as well as 30 minute checks.

On August 9th at about 8:00 a.m., Epstein's cellmate was taken out of the institution for a Court appearance. That inmate was eventually released from custody by the Court and did not return to the institution. On August 9th, Epstein was in a legal visit with his lawyers all day until 6:45

p.m. Epstein returned to cell with no cellmate even though Epstein was on PSYCH Alert as well as a requirement that he have a cellmate. No cellmate was assigned to his cell on August 9th.

On August 10th at about 12:00 a.m., while in his cell, Epstein acknowledged a Correction Officer performing a routine check. After midnight, it appears that not all of the checks required to be performed were actually done.

On August 10th at approximately 6:33 a.m., Staff serving breakfast meal found Epstein unresponsive in his cell. Staff called for assistance and began CPR. When EMS arrived at the institution, he was transported to hospital where he was pronounced dead at 7:36am.

Good morning Christine,

I apologize, but Warden Petrucci told me he won't be able to make it on Tuesday. As you likely know, we've had quite a few visitors here at MCC recently. The Warden just learned about a meeting on Tuesday morning, and he needs to be in attendance. That said, he would welcome the opportunity to meet Judge Berman another time. Perhaps the Warden and I could go over to the courthouse sometime next week at a time convenient for the Judge? Please let me know if that sounds feasible.

Thank you for your help, and I look forward to seeing you on Monday (re: Mr. Moore) and Tuesday.

Best,
Stephanie

Good morning Christine,

Please thank Judge Berman for the invitation! Adam is out of the office until next Thursday, but Warden Petrucci and I will attending the hearing in his absence. If there is anything Judge Berman wishes us to address either before or during the hearing, please don't hesitate to let me know.

Thank you,
Stephanie

Hugh/Ray: Can you verify that the information below is accurate? It's based in large part on the timeline you sent.

Is there any reason why this information shouldn't be released to the public?
Tim

On July 23d, Epstein was placed on suicide watch and received medical evaluation. Epstein received daily psychological evaluations while on suicide watch.

On July 29th Epstein was removed from suicide watch by Psychology Services Department at MCC-New York after daily interaction with him and according to established procedures. Epstein was returned to the Special Housing Unit (SHU) with a requirement that he have a cellmate. He was with same cellmate from that date until August 9th. In addition, the SHU confinement includes frequent head counts as well as 30 minute checks.

On August 9th at about 8:00 a.m., Epstein's cellmate was taken out of the institution for a Court appearance. That inmate was eventually released from custody by the Court and did not return to the institution. On August 9th, Epstein was in a legal visit with his lawyers all day until 6:45 p.m. Epstein returned to cell with no cellmate even though Epstein was on PSYCH Alert which included a requirement that he have a cellmate. No cellmate was assigned to his cell on August 9th.

On August 10th at about 12:00 a.m., while in his cell, Epstein acknowledged a Correction Officer performing a routine check. After midnight, it appears that not all of the checks required to be performed were actually done.

On August 10th at approximately 6:33 a.m., Staff serving breakfast meal found Epstein unresponsive in his cell. Staff called for assistance and began CPR. When EMS arrived at the institution, he was transported to hospital where he was pronounced dead at 7:36am.

Attorney General William P. Barr announced Monday that he is replacing the head of the Bureau of Prisons, marking the latest fallout from the death in federal custody of multimillionaire Jeffrey Epstein, who was accused of sex trafficking and abuse. Hugh J. Hurwitz, the agency's acting head, will be replaced by Kathleen Hawk Sawyer, who served as Bureau of Prisons director from 1992 to 2003.

Jeffrey Epstein may be dead, but the feds aren't done investigating. Geoffrey Berman, the U.S. attorney for the Southern District of New York, filed a motion Monday asking a judge to quash the charges in Epstein's sex trafficking case in that federal court.

**'Ticking time bomb': Violence surges amid guard shortage, lockdown at Mississippi prison**
USA Today
https://www.usatoday.com/story/news/investigations/2019/08/19/prison-violence-surges-mississippi-prison-amid-guard-shortage/2054554001/
President Donald Trump hailed Mississippi last year for reforms it put in place in 2014 to reduce the prison population by providing job training and rehabilitation for inmates. But the reality is starkly different. The number of inmates is growing, as the Mississippi Center for Investigative Reporting and ProPublica reported in May. Violence and gangs are worse than they've ever been, according to interviews, documents and data reviewed by the news organizations. And nowhere is that more apparent than at South Mississippi Correctional Institution.

http://www.abajournal.com/news/article/house-of-delegates-urges-congress-to-fully-fund-make-retroactive-the-first-step-act
The ABA House of Delegates asked Congress on Monday to fully fund the First Step Act, the criminal justice reform bill passed late last year with bipartisan support. Resolution 101, sponsored by the National Association of Criminal Defense Lawyers, the ABA Criminal Justice Section and the ABA Section of Civil Rights and Social Justice, also urges federal lawmakers to make the First Step Act retroactive. Until that happens, it asks the president and the Department of Justice to create a program to consider commuting the sentences of federal prisoners who would be eligible for sentence reductions if the act were retroactive.

The nation's top law enforcement official on Monday accused the federal detention center where pedophile and accused child sex trafficker Jeffrey Epstein died from an apparent suicide over the weekend of having "serious irregularities" that he said would be immediately investigated.

"I was appalled. And, indeed, the whole department was—and frankly, angry—to learn of the [Metropolitan Correctional Center's] (MCC) failure to adequately secure this prisoner," Attorney General William Barr said. "We are now learning of serious irregularities at this facility that are deeply concerning and demand a thorough investigation. The FBI and office inspector general are doing just that."

**There Were 'Serious Irregularities' at Federal Jail Where Jeffrey Epstein Died, Barr Says**
The Wall Street Journal
https://www.wsj.com/articles/there-were-serious-irregularities-at-federal-jail-where-jeffrey-epstein-died-barr-says-11565622895
Investigators have found "serious irregularities" at the federal jail in New York where Jeffrey Epstein was being held on sex-trafficking charges, Attorney General William Barr said Monday, deepening the mystery surrounding the disgraced financier's death.

Mr. Epstein, 66 years old, was found dead Saturday at the Manhattan detention facility administered by the Federal Bureau of Prisons. The New York City medical examiner believes Mr. Epstein's cause of death is suicide by hanging, but is awaiting additional information from law enforcement before releasing her official findings, a city official said.

Among the primary questions for investigators is why Mr. Epstein was taken off suicide watch and left alone with minimal supervision. After an earlier incident in which he was found unconscious in his cell with marks on his neck, Mr. Epstein was put in the suicide-watch unit July 23, but was removed from the watch days later at the request of his attorneys and after daily psychological evaluations.

"I was appalled and frankly angry to learn of the [jail's] failure to adequately secure this prisoner," said Mr. Barr, speaking Monday at a conference for police officers in New Orleans. "We are now learning of serious irregularities at this facility that are deeply concerning and demand a thorough investigation."

After Mr. Epstein was removed from suicide watch, he was downgraded to "special observation status," which mandated that guards check on him every 30 minutes and that he have a cellmate, a person familiar with his detention said.

But in the hours before Mr. Epstein's death, his cellmate had left and wasn't quickly replaced as required, the person said. The identity of Mr. Epstein's cellmate couldn't be determined. Mr. Epstein also wasn't receiving the mandated regular check-ins, the person said.

"We will get to the bottom of what happened, and there will be accountability," Mr. Barr said. The Federal Bureau of Investigation and the Justice Department's inspector general have devoted additional manpower and resources to investigate Mr. Epstein's death.

Lawmakers, meanwhile ratcheted up pressure on the department for answers. Bipartisan leaders of the House Judiciary Committee, which has oversight of the Justice Department, wrote in a letter Monday to Hugh Hurwitz, acting director of the Bureau of Prisons, demanding answers to a number of questions about officials' handling of Mr. Epstein.

Mr. Epstein's death "demonstrates severe miscarriages of or deficiencies in inmate protocol," the letter said.

Mr. Barr on Monday also promised the Justice Department would continue to investigate people who allegedly helped Mr. Epstein recruit young women and girls for sex trafficking.

"Any co-conspirators should not rest easy," Mr. Barr said. "The victims deserve justice, and they will get it."

The Manhattan-based federal prosecutors handling Mr. Epstein's case also could seek to seize his assets through a process known as civil forfeiture. That process could allow prosecutors to sue for assets that were used to facilitate the alleged sex trafficking, including Mr. Epstein's real estate, jets and bank accounts. Money from forfeited properties goes into a Justice Department fund that can be distributed to victims.

Through the civil forfeiture process, prosecutors could lay out the evidence they have gathered against Mr. Epstein that hasn't become public, according to former federal prosecutors. The government could use investigative tools, such as search warrants and grand jury subpoenas, unavailable to victims suing the estate, said Jaimie Nawaday, a former federal prosecutor who has handled asset-forfeiture cases.

"It might be in their interest to let the government go first," said Ms. Nawaday, now a partner at Kelley Drye & Warren LLP. "The government has a higher rate of success."

Mr. Epstein's body was released after the medical examiner performed an autopsy Sunday. His only known living relative is his brother, Mark Epstein. It couldn't be determined if Mr. Epstein had prepared a will, although estate-law experts said he likely had one given his wealth.

Lawyers for Mr. Epstein's accusers on Monday told a federal judge in Florida that Mr. Epstein's death should invalidate a deal he struck with Florida prosecutors in 2007, which includes a provision that immunizes any of his potential co-conspirators from being charged with federal sex crimes.

The request was made in a court filing as part of a lawsuit filed in 2008 against the government that challenged the deal on the grounds it violated victims' rights under federal law.

Invalidating that provision would remove what is likely to be a key defense argument for any co-conspirators who are charged in New York—that they can't face federal prosecution because it is barred by the 2007 deal. It would also allow federal prosecutors in Florida to pursue any individuals involved in the alleged scheme who didn't commit any crimes in New York.

Regarding Mr. Epstein, federal prosecutors in Manhattan had argued they were allowed to charge him, in part because they had found new conduct in New York that wasn't covered by the Florida deal.

In a sign that the investigation was continuing, federal agents searched Mr. Epstein's property in the U.S. Virgin Islands on Monday, according to a person familiar with the matter. The move came more than a month after a search of Mr. Epstein's townhouse in Manhattan, during which authorities said they found hundreds of pornographic photos and a locked safe filled with cash and diamonds.

Mr. Epstein was arrested last month on two federal charges related to sex trafficking of minors, for which he

EFTA00057243

faced a maximum sentence of 45 years in prison. He pleaded not guilty and had been awaiting trial at the detention facility after a federal judge denied his release on bail.

Prosecutors accused Mr. Epstein of orchestrating a yearslong sex-trafficking operation in which he and his associates lured dozens of girls—some as young as 14 years old—to his homes in New York and Florida to perform massages that involved sex acts.

Mr. Epstein's death ratchets up the scrutiny of the Metropolitan Correctional Center, the facility in lower Manhattan where Mr. Epstein was housed. Inmates there have long complained about the conditions of confinement. After Mr. Epstein's death, prison union officials said the jail suffers from staffing shortages that result in overworked guards.

"The institution is unsafe," said Serene Gregg, the local union president that represents MCC workers. "Things are not adequately being performed."

The Bureau of Prisons makes its own determinations about how inmates should be housed and monitored in detention facilities, according to law enforcement experts. Prosecutors have limited input into conditions of confinement and typically intervene only for safety reasons, such as if one inmate is cooperating against another and needs to be separated.

When Mr. Epstein was removed from suicide watch, the jail told Justice Department officials he would receive a cellmate and guards would look in on him every 30 minutes, a person familiar with the matter said.

The MCC houses nearly 800 inmates, most of whom are in pre-trial detention. Joaquín "El Chapo" Guzmán, the notorious drug-cartel leader who escaped twice from maximum-security prisons in Mexico, spent two years awaiting U.S. trial at MCC without any major incidents.

A handful of criminal prosecutions each year involves corruption among correctional officers at MCC. Last year, one officer pleaded guilty in Manhattan federal court to smuggling alcohol, cellphones and other contraband for inmates in exchange for more than $25,000 in bribes.

The investigation into Mr. Epstein's death could take years to complete. It took more than two years, for instance, for the Justice Department's inspector general to complete a probe into the death of Kenneth Trentadue, who was found hanging in his cell at a federal prison shortly after he was arrested on a parole violation in 1995, at the height of the Oklahoma City bombing investigation.

Investigators interviewed more than 230 witnesses and reviewed thousands of pages of documents, a sign of how labor-intensive such investigations can be.

**Jeffrey Epstein, a Disputed Autopsy and a Claim of Homicide**
The New York Times
https://www.nytimes.com/2019/10/31/nyregion/jeffrey-epstein-autopsy-homicide.html
In August, the New York City medical examiner concluded that Jeffrey Epstein, the financier who was awaiting trial on sex-trafficking charges, had hanged himself inside his Manhattan jail cell.

But on Wednesday, more than two months after the official autopsy ruled the death a suicide, a forensic pathologist hired by Mr. Epstein's brother claimed that evidence "points to homicide."

If you haven't kept up, here's the latest in a case that has riveted the public:

An autopsy and a conspiracy theory

Dr. Michael Baden claimed on the morning TV show "Fox & Friends" that evidence suggested Mr. Epstein, 66, may have been strangled.

Dr. Baden, a former New York City medical examiner and a Fox News contributor, said Mr. Epstein experienced a number of injuries that were "extremely unusual in suicidal hangings and could occur much more commonly in homicidal strangulation."

Dr. Barbara Sampson, the city's chief medical examiner, strongly disputed Dr. Baden's allegations, adding that the injuries he pointed to "can be seen in suicides and homicides."

Conspiracy theorists have speculated that Mr. Epstein may have been murdered in an effort to prevent him from ensnaring his coterie of rich and powerful friends in his legal woes.

The legal battles have just begun

Although the criminal case against Mr. Epstein ended with his death, the legal battles against his estate — assets estimated at more than $577 million — are expected to go on for months as his accusers seek justice.

In the days after Mr. Epstein's death on Aug. 10 in the Metropolitan Correctional Center, several women filed lawsuits against his estate, claiming he used a network of Manhattan recruiters who visited dance studios to lure young aspiring performers.

And in early October, lawyers for Mr. Epstein's estate asked a judge in the Virgin Islands, where his will was filed and signed two days before he killed himself, to allow the payment of $90,000 in fees to a New York law firm defending the estate against a half-dozen lawsuits.

Investigating possible conspirators

The federal authorities have shifted their focus from Mr. Epstein himself and are now looking into his employees, girlfriends and associates who prosecutors say helped lure girls into his orbit and organize his

encounters with them, two people with knowledge of the inquiry told my colleagues.

It remains unclear whether Mr. Epstein's alleged network of recruiters at New York's dance studios is being investigated.

**Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054**
**United States v. Jeffrey Epstein, 19-cr-00490-RMB**

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-7700. Thank you for your time and attention to this matter.

Sincerely,

Lamine N'Diaye
Warden
MCC New York

Hello,

I'm a reporter with BuzzFeed News. I'm reaching out because we suspect one of the paramedics involved in responding the Jeffrey Epstein call posted information online before it was reported in the mainstream media.

We were able to view posts on the website 4chan, frequented by far-right trolls, that were published a full 45 minutes before ABC news first reported Epstein's death. I'd like to send you the posts to verify whether the information in them is correct and whether it could have come to your team but in addition to that, do you have any statement on the situation?

Thank you,
Jane
